

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Adam Parisi  
DOCKET NO.: 21-07319.001-R-1  
PARCEL NO.: 01-25-214-015

The parties of record before the Property Tax Appeal Board are Adam Parisi, the appellant, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the DuPage County Board of Review.<sup>1</sup>

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$34,820  
**IMPR.:** \$110,050  
**TOTAL:** \$144,870

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of aluminum and brick trim exterior construction with 2,358 square feet of living area. The dwelling was constructed in 1991. Features of the home include a walkout basement with finished area, central air conditioning, one fireplace, and a 400 square foot garage. The property has an approximately 13,084 square foot site and is located in Carol Stream, Wayne Township, DuPage County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on six equity comparables located in the same assessment neighborhood code as the subject and within .31 of a mile from the subject property. The comparables are described as 2-story with 1-story dwellings of vinyl, aluminum, or frame exterior construction that range in size from 2,389 to

2,545 square feet of living area. The homes were built from 1989 to 1995. Each comparable is reported to have a basement with finished area, central air conditioning, one fireplace and a 380 or 400 square foot car garage. The comparables have improvement assessments that range from \$101,380 to \$110,510 or from \$40.60 to \$44.36 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$144,870. The subject has an improvement assessment of \$110,050 or \$46.67 per square foot of living area.

In response to the appellant's evidence, the board of review through the township assessor submitted a grid analysis and property record cards with exterior photographs on the appellant's comparables #1 through #5 noting they are less similar in dwelling size when compared to the subject. In addition, none of the comparables have a walkout basement like the subject.

In support of its contention of the correct assessment, the board of review submitted information prepared by the township assessor on six equity comparables located within .28 of a mile from the subject. The comparables are improved with 2-story dwellings of aluminum or frame with brick front or brick trim exterior construction ranging in size from 2,310 to 2,389 square feet of living area. The homes were built from 1989 to 1995 and have basements, four of which have finished area and four of which are walkout. Each comparable also has central air conditioning, one fireplace, and a 399 to 484 square foot garage. The comparables have improvement assessments that range from \$99,870 to \$111,060 or from \$43.23 to \$47.10 per square foot of living area. The assessor also provided property record cards and exterior photographs for each comparable sale. Based on this evidence, the board of review requested the subject's assessment be confirmed.

In written rebuttal, the appellant's counsel argued board of review comparables are #1, #2, #3 and #5 are not comparable due to differences in style.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 12 equity comparables for the Board's consideration that are similar to the subject in location, age, style, dwelling size and some features. These comparables have improvement assessments that range from \$99,870 to \$111,060 or from \$40.60 to \$47.10 per square foot of living area. The subject's improvement assessment of \$110,050 or \$46.67 per square foot of living area falls within the range established by the comparables in this record. Therefore, after considering adjustments to the comparables for differences from the subject, the

Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
