

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William Cleveland  
DOCKET NO.: 21-20181.001-R-1  
PARCEL NO.: 16-06-111-010-0000

The parties of record before the Property Tax Appeal Board are William Cleveland, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***a reduction*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$10,600  
**IMPR.:** \$37,555  
**TOTAL:** \$48,155

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry exterior construction with 2,453 square feet of living area. The dwelling is approximately 97 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a two-car garage. The property has an approximately 8,000 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject. The comparables are class 2-06 properties that are improved with dwellings of masonry exterior construction ranging in size from 2,466 to 2,589 square feet of living area. The dwellings are 64 to 99 years

old. Each comparable has a full basement, central air conditioning, one or two fireplaces and a two-car garage. The comparables have improvement assessments that range from \$37,540 to \$39,573 or from \$14.95 to \$15.87 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$37,555 or \$15.31 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$51,075. The subject property has an improvement assessment of \$40,475 or \$16.50 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject. The comparables are class 2-06 properties that are improved with two-story dwellings of masonry exterior construction ranging in size from 2,214 to 2,928 square feet of living area. The dwellings are 82 or 92 years old. The comparables each have a full basement with finished area, a fireplace and a two-car garage. Two comparables have central air conditioning. The comparables have improvement assessments that range from \$41,800 to \$50,274 or from \$17.17 to \$18.88 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of eight comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparable #2 which differs from the subject in age. The Board has given reduced weight to the board of review comparables which differ from the subject in that they have finished basement area and/or larger dwelling sizes when compared to the subject. Additionally, two board of review comparables lack central air conditioning, a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #3 and #4, which are similar to the subject in location, dwelling size, age and some features. The comparables have improvement assessments ranging from \$38,631 to \$39,573 or from \$14.95 to \$15.87 per square foot of living area. The subject's improvement assessment of \$40,475 or \$16.50 per square foot of living area falls above the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's assessment is excessive. Therefore, based on this record the Board finds a reduction in the subject's assessment commensurate with the appellant's request is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
