

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Masud Malik
DOCKET NO.: 21-20186.001-R-1
PARCEL NO.: 01-21-404-007-0000

The parties of record before the Property Tax Appeal Board are Masud Malik, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,121
IMPR.: \$104,500
TOTAL: \$118,621

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 6,197 square feet of living area. The dwelling is approximately 6 years old. Features of the home include an unfinished full basement, central air conditioning, one fireplace, five full and two half bathrooms, and a 4-car garage. The property has a 47,073 square foot site and is located in South Barrington, Barrington Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same neighborhood code as the subject. The comparables are improved with class 2-09 dwellings of masonry exterior construction with either 5,963 or 6,107 square feet of living area. The comparables are from 10 to 15 years old. The comparables each

have a full basement, central air conditioning, either one or two fireplaces, and a 3-car garage. The comparables have either four and five full bathrooms and each comparable has one half bathroom. The comparables have improvement assessments ranging from \$83,191 to \$95,330 or from \$13.95 to \$15.61 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$91,963 or \$14.84 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$118,621. The subject property has an improvement assessment of \$104,500 or \$16.86 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same neighborhood code as the subject property. The comparables are improved with 2-story, class 2-09 dwellings of masonry or frame and masonry exterior construction ranging in size from 5,211 to 5,413 square feet of living area. The comparables are reported to be either 1 or 4 years old. The comparables each have a full basement, central air conditioning, one fireplace, and either a 3-car or a 4-car garage. The comparables have either four and five full bathrooms and either one or two half bathrooms. The comparables have improvement assessments ranging from \$97,291 to \$110,540 or from \$17.97 to \$21.17 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board finds each of the parties' comparables to be relatively similar in location, age, dwelling size, and features. Each of the comparables in this record would require various upward adjustments for several differences from the subject including, but not limited to, bathroom count and/or garage size. Nevertheless, these comparables have improvement assessments ranging from \$83,191 to \$110,540 or from \$13.95 to \$21.17 per square foot of living area. The subject's improvement assessment of \$104,500 or \$16.86 per square foot of living area falls within the range established by the comparables in this record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
