

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dena Economou
DOCKET NO.: 21-20189.001-R-1
PARCEL NO.: 01-12-403-015-0000

The parties of record before the Property Tax Appeal Board are Dena Economou, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,159
IMPR.: \$94,324
TOTAL: \$107,483

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 7,329 square feet of living area. The dwelling is approximately 19 years old. Features of the home include a full basement with finished area, central air conditioning and a 4-car garage. The property has a 43,864 square foot site and is located in Barrington, Barrington Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with class 2-09 dwellings of masonry exterior construction ranging in size from 6,563 to 7,066 square feet of living area. The comparables range in age from 12 to 25 years old.

Each comparable has a full basement, central air conditioning, from two to five fireplaces, and a 4-car garage. The comparables have improvement assessments ranging from \$68,556 to \$72,141 or from \$10.15 to \$10.99 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$107,483. The subject property has an improvement assessment of \$94,324 or \$12.87 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code and on the same block as the subject property. The comparables are improved with 2-story dwellings of masonry exterior construction ranging in size from 6,144 to 6,495 square feet of living area. The comparables range in age from 4 to 14 years old. Each comparable has a full basement with finished area, central air conditioning, either four or five fireplaces, and either a 3-car or a four-car garage. The comparables have improvement assessments ranging from \$87,648 to \$92,035 or from \$14.06 to \$14.27 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be board of review comparables #1, #2, and #4 which are more similar to the subject in location, design, age, dwelling size, and some features. These comparables have improvement assessments ranging from \$87,648 to \$92,035 or from \$14.06 to \$14.27 per square foot of living area. The subject's improvement assessment of \$94,324 or \$12.87 per square foot of living area falls above the range of the best comparables in this record on an overall basis but below the range on a per square foot basis which is logical considering economies of scale with its larger dwelling size when compared to the three best comparables. The Board gives less weight to the appellant's comparables which are reported to lack basement finish, which is a feature of the subject. The Board also gives less weight to board of review comparable #3 which is a significantly newer home than the subject. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
