

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Vanessa Johnson  
DOCKET NO.: 21-20200.001-R-1  
PARCEL NO.: 16-07-211-001-0000

The parties of record before the Property Tax Appeal Board are Vanessa Johnson, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$9,675  
**IMPR.:** \$60,032  
**TOTAL:** \$69,707

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of stucco exterior construction with 3,314 square feet of living area. The dwelling is approximately 113 years old. Features of the home include a full unfinished basement, central air conditioning, four full bathrooms, a fireplace and a 2.5-car garage. The property has an approximately 8,600 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject. The comparables are class 2-06 properties that are improved with dwellings of stucco exterior construction ranging in size from 3,160 to 3,572 square feet of living area. The dwellings are 97 to 112 years old.

The comparables each have a full basement, central air conditioning, two to four full baths and a 2-car or a 3-car garage. Three comparables each have one or two half baths and two comparables each have a fireplace. The comparables have improvement assessments that range from \$51,508 to \$60,152 or from \$16.25 to \$16.84 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$54,449 or \$16.43 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$69,707. The subject property has an improvement assessment of \$60,032 or \$18.11 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject. The comparables are class 2-06 properties that are improved with two-story dwellings of stucco or frame exterior construction ranging in size from 2,287 to 3,279 square feet of living area. The dwellings are 112 or 147 years old. The comparables each have a full or partial basement, one of which has finished area. Three comparables have central air conditioning, each comparable has two or three full bathrooms, three comparables each have a fireplace and three comparables each have a 2-car or a 2.5-car garage. The comparables have improvement assessments that range from \$42,675 to \$59,978 or from \$18.11 to \$18.66 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable properties for the Board's consideration. The Board has given less weight to the board of review comparables #2 and #4 which differ from the subject in dwelling size or they have finished basement area, unlike the subject. Additionally, board of review comparable #2 lacks a garage, a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables, along with board of review comparables #1 and #3, which are relatively similar to the subject in location, dwelling size, design and age. However, the Board finds these comparables have varying degrees of similarity to the subject in features such as the number of bathrooms and garage sizes when compared to the subject, suggesting adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, the comparables have improvement assessments ranging from \$51,508 to \$60,152 or from \$16.25 to \$18.16 per square foot of living area. The subject's improvement assessment of \$60,032 or \$18.11 per square foot of living area is falls within the range established by the best comparables in the record. Based

on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
