

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Maryann Tadros
DOCKET NO.: 21-20245.001-R-1
PARCEL NO.: 06-34-106-013-0000

The parties of record before the Property Tax Appeal Board are Maryann Tadros, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,865
IMPR.: \$27,328
TOTAL: \$39,193

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame construction with 3,294 square feet of living area. The dwelling was constructed in 1990. Features of the home include a full basement with a formal recreational room, central air conditioning, two fireplaces, and a 3-car garage. The property has a 18,984 square foot site and is located in Bartlett, Hanover Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables of brick construction. The comparables ranged: in age from 18 to 27 years old; in size from 3,151 to 3,530 square feet of living area; and from \$4.95 to \$7.76 per square foot of living area. The comparables included amenities such as a full basement, air conditioning, and a three-car garage. Based on this evidence, the appellant requested an assessment for the subject of \$32,668.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment of \$39,192 with an improvement assessment of \$27,327 or \$8.30 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables, all located on the subject's block. The comparables ranged: in age from 27 to 30 years old; in size from 3,494 to 3,694 square feet of living area; and from \$7.99 to \$8.17 per square foot of living area. The comparables each have varying numbers of bathrooms. The comparables included amenities such as a full basement, air conditioning, and a three-car garage. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

Appellant's comparables were given less weight due to being further away from the subject than the board of review comparables. *Appellant's comparables #1 and #4* were located .2 miles away and .3 miles away from the subject's location, respectively, and appellant's *comparables #2 and #3* were located more than 2 miles away from its location.

The Board finds the best evidence of assessment equity to be *the board of review comparables*. These comparables were given greater weight due to their proximity to the subject. These comparables were all located on the subject's block. These comparables had improvement assessments that ranged from \$7.99 to \$8.17 per square foot of living area. The appellant's comparables #2 and #3 are located over two miles from the subject and comparables #1 and #3, which in close proximity to the subject are not located on the same Sidwell block as are the board of review comparables. The subject's improvement assessment of \$8.30 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
