

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brett Singer
DOCKET NO.: 21-20259.001-R-1
PARCEL NO.: 16-08-314-005-0000

The parties of record before the Property Tax Appeal Board are Brett Singer, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,562
IMPR.: \$26,522
TOTAL: \$30,084

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of stucco exterior construction with 1,280 square feet of living area. The dwelling is approximately 107 years old. Features of the home include a full unfinished basement, central air conditioning and a 2-car garage. The property has a 3,750 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject. The comparables are class 2-05 properties improved with dwellings of stucco exterior construction ranging in size from 1,452 to 1,540 square feet of living area. The dwellings are 98 to 122 years old. Each

comparable has a basement, central air conditioning and a 1-car or a 2-car garage. The comparables have improvement assessments that range from \$28,608 to \$30,401 or from \$18.92 to \$20.00 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$25,165 or \$19.66 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$30,084. The subject property has an improvement assessment of \$26,522 or \$20.72 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and two comparables are located approximately ¼ of a mile from the subject property. The comparables are class 2-05 properties improved with two-story dwellings of stucco exterior construction ranging in size from 1,292 to 1,458 square feet of living area. The dwellings are 104 to 110 years old. The comparables each have a full basement, two of which have finished area. Comparable #2 has central air conditioning, three comparables each have a fireplace and three comparables each have a 2-car or a 2.5-car garage. The comparables have improvement assessments that range from \$28,393 to \$35,949 or from \$21.51 to \$27.69 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable properties for the Board's consideration. The Board has given less weight to the comparables submitted by the board of review which differ from the subject in basement finish and/or they lack central air conditioning. Additionally, board of review comparable #3 has no garage, a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellant's four comparables which are similar to the subject in location, design, age and some features. However, each comparable has a somewhat larger dwelling size, when compared to the subject dwelling, suggesting adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, these comparables have improvement assessments ranging from \$28,608 to \$30,401 or from \$18.92 to \$20.00 per square foot of living area. The subject's improvement assessment of \$26,522 or \$20.72 per square foot of living area falls below the range established by the best comparables in the record in terms of total improvement assessment but above the range on a price per square foot basis, which appears to be logical given the subject's smaller

dwelling size. Accepted real estate valuation theory provides, all other factors being equal, as the size of a property increases, its per unit value decreases. Likewise, as the size of a property decreases, its per unit value increases. Based on this analysis, the Board finds the subject's higher per square foot improvement assessment is well justified given its smaller dwelling size. Therefore, no reduction in the subject's improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
