

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Elise Crawford
DOCKET NO.: 21-20372.001-R-1
PARCEL NO.: 05-28-423-018-0000

The parties of record before the Property Tax Appeal Board are Elise Crawford, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$17,115
IMPR.: \$40,996
TOTAL: \$58,111

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of stucco exterior construction with 2,176 square feet of living area. The dwelling was constructed in 1914 and is approximately 107 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a two-car garage. The property has an approximately 8,150 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code and property classification code as the subject property. The comparables are improved with dwellings of stucco exterior construction ranging in size from 1,290 to 1,952 square feet of living area. The homes are from

98 to 106 years old. The appellant reported that each comparable has a full basement and central air conditioning. Three comparables each have a fireplace and three comparables each have a two-car garage. The comparables have improvement assessments ranging from \$19,467 to \$34,043 or from \$15.09 to \$17.44 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$35,512 or \$16.32 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$58,111. The subject property has an improvement assessment of \$40,996 or \$18.84 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have same assessment neighborhood code and property classification code as the subject property. The comparables are improved with two-story dwellings of stucco exterior construction ranging in size from 1,791 to 2,104 square feet of living area. The homes are from 97 to 116 years old. Each comparable has an unfinished basement, a fireplace and a one-car or a two-car garage. Two comparables have central air conditioning. Comparable #1 has other improvements but the board of review did not provide a description of these improvements. The comparables have improvement assessments ranging from \$36,536 to \$45,504 or from \$20.40 to \$22.94 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #2 and #3, as well as board of review comparables #2 and #3 due to their smaller dwelling sizes, when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #4, along with board of review comparables #1 and #4 which are similar to the subject in location, dwelling size, age and some features. These comparables have improvement assessments ranging from \$34,043 to \$45,504 or from \$17.44 to \$21.86 per square foot of living area. The subject's improvement assessment of \$40,996 or \$18.84 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
