

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Shari Kalik-Miller
DOCKET NO.: 21-20409.001-R-1
PARCEL NO.: 05-07-200-005-0000

The parties of record before the Property Tax Appeal Board are Shari Kalik-Miller, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,860
IMPR.: \$60,771
TOTAL: \$74,631

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 3,366 square feet of living area. The dwelling was built in 1922 and is approximately 99 years old. Features of the home include a full basement with finished area,¹ central air conditioning and a 1-car garage. The property has a 7,700 square foot site and is located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code and property classification code as the subject property. The comparables are improved with dwellings of frame exterior

construction ranging in size from 3,090 to 3,608 square feet of living area. The homes are from 68 to 118 years old. The comparables each have a full or partial basement.² Each comparable has central air conditioning and either a 1-car or a 2-car garage. Three comparables each have a fireplace. The comparables have improvement assessments ranging from \$45,024 to \$62,485 or from \$14.26 to \$17.32 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$55,270 or \$16.42 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$74,631. The subject property has an improvement assessment of \$60,771 or \$18.05 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have same assessment neighborhood code and property classification code as the subject property. The comparables are improved with two-story dwellings of frame exterior construction ranging in size from 2,790 to 3,514 square feet of living area. The homes are from 94 to 113 years old. The comparables each have a full or partial unfinished basement. Three comparables have central air conditioning and a fireplace. Each comparable has either a 1-car, a 1.5-car or a 2.5-car garage. Comparable #4 has other improvements but the board of review did not provide a description of these improvements. The comparables have improvement assessments ranging from \$61,351 to \$77,189 or from \$18.32 to \$23.76 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparable #2 and board of review comparable #3 which are less similar to the subject in age or dwelling size than the remaining comparables in the record.

The Board finds best evidence of assessment equity to be the appellant's comparables #1, #3 and #4, along with board of review comparables #1, #2 and #4, which are similar to the subject in location, dwelling size and age. However, these comparables have varying degrees of similarity to the subject in features, suggesting adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, the comparables have improvement assessments ranging from \$45,024 to \$77,189 or from \$14.26 to \$22.73 per square foot of living area. The

² The appellant did not provide any data regarding basement finish of the comparables.

subject's improvement assessment of \$60,771 or \$18.05 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
