

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kelley Bergstrom
DOCKET NO.: 21-20418.001-R-1
PARCEL NO.: 05-28-108-007-0000

The parties of record before the Property Tax Appeal Board are Kelley Bergstrom, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$19,026
IMPR.: \$50,859
TOTAL: \$69,885

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 2,687 square feet of living area. The dwelling was built in 1928 and is approximately 93 years old. Features of the home include a full basement with finished area,¹ central air conditioning, a fireplace and a 2-car garage. The property has a 9,060 square foot site and is located in Kenilworth, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code and property classification code as the subject property. The comparables are improved with dwellings of masonry exterior

construction ranging in size from 2,532 to 2,619 square feet of living area. The homes are from 81 to 92 years old. The comparables each have a full basement.² Each comparable has central air conditioning, one or two fireplaces and either a 1½-car or a 2-car garage. The comparables have improvement assessments ranging from \$40,265 to \$42,323 or from \$15.71 to \$16.20 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$42,885 or \$15.96 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$69,885. The subject property has an improvement assessment of \$50,859 or \$18.93 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have same assessment neighborhood code and property classification code as the subject property. The comparables are improved with two-story dwellings of masonry exterior construction ranging in size from 2,280 to 2,801 square feet of living area. The homes are from 81 to 92 years old. The comparables each have a full or partial basement, two of which have finished area. Each comparable has central air conditioning and one or two fireplaces. Three comparables each have a 1-car or a 2-car garage. Comparable #2 has other improvements but the board of review did not provide a description of these improvements. The comparables have improvement assessments ranging from \$43,753 to \$64,423 or from \$19.19 to \$23.00 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board has given less weight to board of review comparable #3 due to its smaller dwelling size and lack of a garage when compared to the subject.

The Board finds best evidence of assessment equity to be the appellant's comparables, along with board of review comparables #1, #2 and #4, which are similar to the subject in location, dwelling size and age. However, these comparables have varying degrees of similarity to the subject in features, suggesting adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, the comparables have improvement assessments ranging from \$40,265 to \$64,423 or from \$15.71 to \$23.00 per square foot of living area. The subject's improvement assessment of \$50,859 or \$18.93 per square foot of living area falls within the

range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
