

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas Borders
DOCKET NO.: 21-20428.001-R-1
PARCEL NO.: 05-17-103-022-0000

The parties of record before the Property Tax Appeal Board are Thomas Borders, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$42,000
IMPR.: \$80,095
TOTAL: \$122,095

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 5,158 square feet of living area. The dwelling is approximately 108 years old. The home features a full unfinished basement, central air conditioning, four full bathrooms, a fireplace and a two-car garage. The property has a 20,000 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code and property classification code as the subject. The comparables are improved with dwellings of frame or masonry exterior construction ranging in size from 5,278 to 5,810 square feet of living area. The dwellings are

from 95 to 117 years old. The comparables each have a full or partial basement. No data was provided by the appellant concerning finished basement area. Each comparable has central air conditioning, three or four full bathrooms, two or three fireplaces and from a two-car to a three-car garage. Three comparables additionally have one or two half bathrooms. The comparables have improvement assessments that range from \$75,310 to \$79,058 or from \$13.12 to \$14.48 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$72,521 or \$14.06 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$122,095. The subject property has an improvement assessment of \$80,095 or \$15.53 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code and property classification code as the subject. The comparables are located either within the same block as the subject or within the subject's subarea and two comparables are also located on the same street as the subject. The comparables are improved with two-story dwellings of frame or masonry exterior construction ranging in size from 5,068 to 6,130 square feet of living area. The dwellings are from 80 to 111 years old. The comparables each have a full unfinished basement, central air conditioning, three or four full bathrooms, one to four fireplaces and from a two-car to a three-car garage. Three comparables each have an additional half bathroom. Comparables #1 and #3 reportedly have other improvements but the board of review did not provide descriptions of these improvements. The comparables have improvement assessments that range from \$91,271 to \$97,619 or from \$15.50 to \$19.26 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparable #1 and board of review comparables #3 and #4, due to differences from the subject dwelling in size or age.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2, #3 and #4, along with board of review comparables #1 and #2, which are similar to the subject in location, dwelling size, age and some features. The comparables have improvement assessments ranging from \$75,310 to \$97,619 or from \$14.27 to \$19.26 per square foot of living area. The subject's improvement assessment of \$80,095 or \$15.53 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after

considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
