

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jorge Velez
DOCKET NO.: 21-20569.001-R-1
PARCEL NO.: 05-33-209-019-0000

The parties of record before the Property Tax Appeal Board are Jorge Velez, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,500
IMPR.: \$51,875
TOTAL: \$67,375

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 2,699 square feet of living area. The dwelling is approximately 97 years old. The home features a partial unfinished basement, central air conditioning, 2 bathrooms and 2 fireplaces.¹ The property has a 7,750 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code and property classification code

¹ The board of review reported the subject has other improvements but did not provide a description of these improvements.

as the subject. The comparables are improved with dwellings of frame or frame and masonry exterior construction ranging in size from 2,360 to 2,592 square feet of living area. The dwellings are from 103 to 131 years old. Each comparable has a full or partial basement. No data was provided by the appellant concerning finished basement area. Each comparable has central air conditioning, 1½ or 2 bathrooms and either a 1-car, a 2-car or a 2½-car garage. Two comparables each have a fireplace. The comparables have improvement assessments that range from \$38,915 to \$45,541 or from \$16.06 to \$17.90 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$46,693 or \$17.30 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$67,375. The subject property has an improvement assessment of \$51,875 or \$19.22 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code and property classification code as the subject. The comparables are located within the same block or approximately ¼ of a mile from the subject property, two of which are also on the same street as the subject. The comparables are improved with two-story dwellings of frame and masonry exterior construction ranging in size from 2,253 to 2,932 square feet of living area. The dwellings are from 93 to 99 years old. The comparables each have a full unfinished basement, 2½ bathrooms and either a 1½-car, a 2-car or a 2½-car garage. Two comparables have central air conditioning and two comparables each have a fireplace. The comparables have improvement assessments that range from \$45,229 to \$58,300 or from \$19.33 to \$20.99 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #2 and #3 due to their older dwelling ages, when compared to the subject. The Board has given reduced weight to board of review comparable #3 due to its smaller dwelling size, when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #4, along with board of review comparables #1, #2 and #4, which are overall most similar to the subject in location, dwelling size and age. These four comparables have improvement assessments ranging from \$42,788 to \$58,300 or from \$17.90 to \$19.88 per square foot of living

area. The subject's improvement assessment of \$51,875 or \$19.22 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
