

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jennie Michell
DOCKET NO.: 21-20622.001-R-1
PARCEL NO.: 05-28-319-009-0000

The parties of record before the Property Tax Appeal Board are Jennie Michell, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,896
IMPR.: \$63,454
TOTAL: \$78,350

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 3,386 square feet of living area. The dwelling is approximately 44 years old. Features of the home include a partial basement, central air conditioning, one fireplace and a 2-car garage. The property has an 8,512 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that have the same assessment neighborhood code and property classification code as the subject. The comparables are improved with dwellings of masonry exterior construction ranging in size from 3,008 to 3,679 square feet of living area. The comparables range in age

from 46 to 60 years old. Each comparable has a full or partial basement, central air conditioning, one or two fireplaces and a 2-car garage. The comparables have improvement assessments ranging from \$39,572 to \$65,983 or from \$12.04 to \$17.94 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$52,720 or \$15.57 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$78,350. The subject property has an improvement assessment of \$63,454 or \$18.74 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that have the same assessment neighborhood code and property classification code as the subject. The comparables are improved with two-story dwellings of masonry exterior construction ranging in size from 3,386 to 3,600 square feet of living area. The comparables are 43 or 44 years old. Each comparable has a partial basement, central air conditioning, a fireplace and a 2-car or a 2½-car garage. The comparables have improvement assessments ranging from \$63,792 to \$70,558 or from \$18.84 to \$19.60 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #2 and #3 due to differences from the subject in age or dwelling size.

The Board finds the best evidence of assessment equity to be the appellant's comparable #4 and the four comparables submitted by the board of review, which are similar to the subject in location and similar if not identical to the subject in dwelling size, age and some features. These comparables have improvement assessments ranging from \$63,792 to \$70,558 or from \$17.94 to \$19.60 per square foot of living area. The subject's improvement assessment of \$63,454 or \$18.74 per square foot of living area falls below the range established by the best comparables in the record in terms of total improvement assessment but within the range on a per square foot basis. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
