

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Frederick Smoler
DOCKET NO.: 21-20624.001-R-1
PARCEL NO.: 05-32-113-036-0000

The parties of record before the Property Tax Appeal Board are Frederick Smoler, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,162
IMPR.: \$24,498
TOTAL: \$26,660

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story dwelling of masonry exterior construction with 1,666 square feet of living area. The dwelling is approximately 44 years old. The home features a concrete slab foundation, central air conditioning, 2½ bathrooms and a 1½-car garage. The property has a 1,730 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-95 townhome or row house property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code and property classification code as the subject. One comparable is located on the same street as the subject property. The comparables are improved with dwellings of masonry exterior construction each containing

1,666 square feet of living area. The dwellings are 47 or 55 years old. One comparable has a concrete slab foundation and three comparables each have a full basement. No data was provided by the appellant concerning finished basement area. Each comparable has central air conditioning, 1½ or 2½ bathrooms and either a 1-car, a 1½-car, or a 2-car garage. Three comparables each have a fireplace. The comparables have improvement assessments that range from \$20,057 to \$22,424 or from \$12.04 to \$13.46 per square foot of living area.

Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$26,660. The subject property has an improvement assessment of \$24,498 or \$14.70 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code and property classification code as the subject. The comparables are located on the same street and within the same block as the subject property. The comparables are improved with three-story dwellings of masonry exterior construction each containing 1,666 square feet of living area. Each dwelling is 44 years old and has a concrete slab foundation, central air conditioning, 2½ bathrooms and a 1½-car garage. The comparables have improvement assessments that range from \$24,813 to \$25,036 or from \$14.89 to \$15.03 per square foot of living area.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables #2, #3 and #4 which are less similar to the subject dwelling in age, foundation type and features.

The Board finds the best evidence of assessment equity to be the appellant's comparable #1, along with the four comparables submitted by the board of review, which are similar to the subject in location and similar, if not identical to the subject in dwelling size, foundation type, age and features. These comparables have improvement assessments ranging from \$20,057 to \$25,036 or from \$12.04 to \$15.03 per square foot of living area. The subject's improvement assessment of \$24,498 or \$14.70 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to

the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
