

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Parinaz Tavakoli
DOCKET NO.: 21-20626.001-R-1
PARCEL NO.: 05-30-314-008-0000

The parties of record before the Property Tax Appeal Board are Parinaz Tavakoli, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,945
IMPR.: \$18,739
TOTAL: \$27,684

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 1,664 square feet of living area. The dwelling was constructed in 1937 and is approximately 84 years old. Features of the home include an unfinished basement,¹ central air conditioning, a fireplace, 2½ bathrooms and a 2-car garage. The property has a 7,779 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

¹ The Board finds the subject has an unfinished basement as depicted in the grid analysis provided by the board of review, since the appellant did not provide any data regarding basement finish in Section III of the appeal petition or in the grid analysis.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code and property classification code as the subject property. The comparables are improved with dwellings of masonry or frame and masonry exterior construction ranging in size from 1,650 to 1,990 square feet of living area. The homes are from 65 to 81 years old. The appellant reported that each comparable has a basement.² Each comparable has central air conditioning, 1½ to 2½ bathrooms and a 1-car or a 1½-car garage. The comparables have improvement assessments ranging from \$14,995 to \$18,293 or from \$8.93 to \$9.39 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$15,176 or \$9.12 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$27,684. The subject property has an improvement assessment of \$18,739 or \$11.26 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code and property classification code as the subject property. The comparables are improved with two-story dwellings of frame and masonry exterior construction ranging in size from 1,456 to 1,996 square feet of living area. The homes are from 69 to 83 years old. Three comparables each have a basement, one of which has finished area and comparable #3 has a crawl space foundation. Three comparables have central air conditioning and a 1-car garage. Each comparable has 1½ or 2½ bathrooms and a fireplace. The comparables have improvement assessments ranging from \$17,055 to \$35,266 or from \$11.71 to \$17.67 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #3 and #4, as well as board of review comparable #1, and #4 due to differences from the subject in dwelling size and/or age. The Board has also given less weight to board of review comparable #3 due to the lack of a basement foundation, central air conditioning and a garage, all features of the subject.

The Board finds the appellant's comparables #1 and #2, along with board of review comparable #2 are similar to the subject in location and more similar to the subject in dwelling size and age.

² The appellant did not provide any data regarding basement finish of the comparables.

However, these comparables have smaller garage sizes and two comparables have a fewer number of bathrooms, when compared to the subject, suggesting upward adjustments would be required to make these comparables more equivalent to the subject. Nevertheless, these three comparables have improvement assessments ranging from \$14,995 to \$24,404 or from \$8.93 to \$13.63 per square foot of living area. The subject's improvement assessment of \$18,739 or \$11.26 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
