

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dawn Mazarakis
DOCKET NO.: 21-20699.001-R-1
PARCEL NO.: 05-17-100-010-0000

The parties of record before the Property Tax Appeal Board are Dawn Mazarakis, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$25,200
IMPR.: \$65,633
TOTAL: \$90,833

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 3,827 square feet of living area. The home is approximately 101 years old. Features include a full basement, two fireplaces, and two full and one half bathrooms. The property has a 14,000 square foot site and is located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located in the subject's assessment neighborhood code. The comparables are improved with class 2-06 dwellings of masonry exterior construction ranging in size from 3,129 to 3,947 square feet of living area. The homes range in age from 81 to 97 years old. Each

comparable has a full or partial basement, central air conditioning, from one to five fireplaces, and from a 1-car to a 3-car garage. The comparables have either two or three full bathrooms and each comparable has one half bathroom. The comparables have improvement assessments ranging from \$55,384 to \$66,475 or from \$16.84 to \$17.70 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$65,633 or \$17.15 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$94,300. The subject property has an improvement assessment of \$69,100 or \$18.06 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the subject's assessment neighborhood code. The comparables are improved with 2-story, class 2-06 dwellings of frame, masonry, or stucco exterior construction ranging in size from 2,747 to 3,489 square feet of living area. The homes range in age from 92 to 99 years old. The comparables each have a full or partial basement, two of which have finished area. One comparable has central air conditioning. Each comparable has either one or two fireplaces and either a 1-car or a 2-car garage. The comparables have either one or three full bathrooms and three comparables have either one or two half bathrooms. The comparables have improvement assessments ranging from \$58,044 to \$89,985 or from \$18.82 to \$30.59 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #3 as well as board of review comparable #4 which are more similar to the subject in location, age, and dwelling size with varying degrees of similarity in other features. Each comparable has a garage, unlike the subject, the appellant's comparables each have central air conditioning, which the subject lacks, and two comparables each have a larger bathroom count than the subject, suggesting downward adjustments for these differences would be necessary to make them more equivalent to the subject. Nevertheless, these comparables have improvement assessments ranging from \$59,774 to \$66,475 or from \$16.84 to \$18.82 per square foot of living area. The subject's improvement assessment of \$65,633 or \$17.15 per square foot of living area falls within the range established by the best comparables in this record. However, considering the superior features of the best comparables, the board finds the subject's improvement assessment to be excessive. The Board gives less weight to the appellant's comparables #2 and #4 as well as board of review comparables #1, #2, and #3 which are less similar to the subject in dwelling size

than the other comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated that the subject's improvement was inequitably assessed and a reduction in the subject's assessment, commensurate with the appellant's request, is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
