

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Martha Hellander
DOCKET NO.: 21-20710.001-R-1
PARCEL NO.: 05-32-201-067-0000

The parties of record before the Property Tax Appeal Board are Martha Hellander, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,866
IMPR.: \$26,218
TOTAL: \$42,084

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 1,791 square feet of living area. The home is approximately 132 years old. Features include a full basement, one fireplace, and a 2-car garage. The property has a 12,693 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located in the same neighborhood code as the subject property. The comparables are improved with class 2-05 dwellings of frame or frame and masonry exterior construction ranging in size from 1,386 to 1,800 square feet of living area. The homes range in age from 63 to 81 years old. Each comparable has a full basement, central air conditioning, and

either a 1-car or a 2-car garage. Three comparables each have a fireplace. The comparables have improvement assessments ranging from \$15,953 to \$20,718 or from \$11.33 to \$12.08 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$20,794 or \$11.61 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$42,084. The subject property has an improvement assessment of \$26,218 or \$14.64 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property, two of which are also on the same block as the subject. The comparables are improved with 2-story, class 2-05 dwellings of frame, masonry, or stucco exterior construction ranging in size from 1,460 to 2,162 square feet of living area. The homes range in age from 69 to 160 years old. Each comparable has a full basement and either a 2-car or a 2.5-car garage. One comparable has a fireplace. The comparables have improvement assessments ranging from \$25,090 to \$48,974 or from \$16.12 to \$26.62 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be board of review comparables #2 and #3 which are overall more similar to the subject in location, design, age, and dwelling size with varying degrees of similarity in other features. These two comparables have improvement assessments of \$25,090 and \$31,428 or \$16.12 and \$17.18 per square foot of living area. The subject's improvement assessment of \$26,218 or \$14.64 per square foot of living area is bracketed by the two best comparables in this record on an overall improvement assessment basis and below on per square foot basis. The Board gives less weight to the appellant's comparables as well as board of review comparables #1 and #4 which are less similar to the subject in age or dwelling size than the other comparables in this record and/or have central air conditioning, unlike the subject. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
