

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: E. King Poor
DOCKET NO.: 21-20722.001-R-1
PARCEL NO.: 05-17-412-007-0000

The parties of record before the Property Tax Appeal Board are E. King Poor, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$31,727
IMPR.: \$58,529
TOTAL: \$90,256

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of stucco exterior construction with 2,676 square feet of living area. The dwelling is reported to be approximately 109 years old. Features of the home include a full unfinished basement, two fireplaces, and a 1-car garage. The property has a 18,663 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables with the same assessment neighborhood code as the subject. The comparables are class 2-06 properties that are improved with dwellings of stucco exterior construction that range in size from 2,534 to 4,127 square feet of living area and range in age

from 96 to 111 years old. Each comparable is reported to have a partial or a full unfinished basement, central air conditioning, one or two fireplaces, and a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$41,105 to \$69,693 or from \$16.07 to \$19.78 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$90,256. The subject property has an improvement assessment of \$58,529 or \$21.87 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject property. The comparables are class 2-06 properties improved with 2-story dwellings of frame, masonry or stucco exteriors ranging in size from 2,600 to 3,330 square feet of living area and ranging in age from 95 to 108 years old. Three comparables each feature a full basement, one with finished area, and one comparable has a concrete slab foundation; two comparables have central air conditioning; three comparables each have two fireplaces; and three comparables each have a 2-car garage. Additionally, comparable #2 has "other improvements" not further described. The comparables have improvement assessments ranging from \$74,292 to \$92,723 or from \$22.31 to \$33.77 per square foot of living area. Based on the above, the board of review requested that the subject's improvement assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven comparables for the Board's consideration. The Board gives less weight to appellant's comparables #1 and #3 as well as board of review comparable #1, #2 and #4 based on their significantly differing dwelling sizes relative to the subject dwelling. Additionally, board of review comparable #2 features a finished basement area which the subject lacks, and board of review comparable #4 has a concrete slab foundation which differs from the subject's full basement foundation.

The Board finds the best evidence of assessment equity to be appellant's comparable #2 and board of review comparable #3 which are most similar to the subject in dwelling size with varying degrees of similarity in age and features. The two best comparables in this record have improvement assessments of \$41,105 and \$87,809 or \$16.22 and \$33.77 per square foot of living area. The subject's improvement assessment of \$58,529 or \$21.87 per square foot of living area is bracketed by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not

demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
