

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Frank Vomacka  
DOCKET NO.: 21-20757.001-R-1  
PARCEL NO.: 16-31-106-033-0000

The parties of record before the Property Tax Appeal Board are Frank Vomacka, the appellant(s), by attorney George J. Relias, of Relias Law Group, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,691  
**IMPR.:** \$13,182  
**TOTAL:** \$15,873

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

Appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 3,075 square foot parcel of land improved with a 107-year-old, two-story, frame, multi-family dwelling, containing 1,632 square feet of living area. The property is located in Berwyn, Berwyn Township, Cook County and is a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

Appellant contends overvaluation as the basis of the appeal. In support of its overvaluation argument, appellant submitted sales information on five comparable properties that sold between August 2019 and January 2021 for prices ranging from \$79.64 to \$114.88 per square foot of living area, including land. The comparable sales were improved with multi-family dwellings of either frame, masonry, or frame and masonry construction and contained between 1,644 and 2,062 square feet of living area. Appellant also submitted a copy of the board of review's

written decision reflecting a final assessment for the subject property of \$23,290. Based on this evidence, appellant requested a reduction in the subject property's assessment to \$15,864.

The board of review submitted its "Board of Review Notes on Appeal" depicting a total assessed valuation of \$23,290, with an improvement assessment of \$20,600. The subject's assessment reflects a market value of \$232,900, or \$142.71 per square foot of living area when applying the level of assessment for class 2 property of 10.00% under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted two comparables. Each comparable property was improved with a two-story, multi-family dwelling of either frame or masonry construction with either 1,681 or 1,787 square feet of living area. The board of review did not provide any sales comparables.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant *did meet* this burden of proof and a reduction in the subject's assessment *is* warranted.

The Board finds the best evidence of market value to be *appellant's sale comparables* #1, #4, and #5. These properties sold between January 2020 and January 2021 for prices ranging between \$79.64 and \$114.88 per square foot of living area, including land. They were given more weight because they sold closest to the lien year at issue in the instant appeal. The subject's current assessment of \$142.71 per square foot of living area, including land, reflects a market value above the market value established by the best comparables in this record. Based on this record, the Board finds appellant *has* proven, by a preponderance of the evidence, that the subject is overvalued, and that a reduction in the subject's assessment *is* warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
