

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Daniel Waters
DOCKET NO.: 21-21379.001-R-1
PARCEL NO.: 05-21-132-010-0000

The parties of record before the Property Tax Appeal Board are Daniel Waters, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$27,027
IMPR.: \$56,041
TOTAL: \$83,068

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,702 square feet of living area. The dwelling is approximately 118 years old. Features of the home include an unfinished full basement, central air conditioning, two fireplaces and a 2-car garage. The property has a 12,012 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant, through counsel, marked contention of law and lack of assessment equity concerning the improvement as the bases of the appeal. However, the counsel's brief is the same as the inequity argument, uniformity of assessment. In support of the assessment inequity argument, the appellant submitted information on five comparable properties that are located within the same neighborhood code as the subject. The comparables are improved with 2-story

dwelling of frame, stucco or masonry exterior construction ranging in size from 2,516 to 2,945 square feet of living area. The homes range in age from 72 to 108 years old and have full basements, three of which have finished area. One comparable has central air conditioning. Four comparables each have a fireplace and either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$24,159 to \$36,565 or from \$8.20 to \$12.92 per square foot of living area. Based on this evidence the appellant requested that the subject's improvement assessment be reduced to \$26,533 or \$9.82 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$83,068. The subject property has an improvement assessment of \$56,041 or \$20.74 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four comparable properties that are located within the same neighborhood code as the subject. The comparables are improved with 2-story dwellings of masonry exterior construction ranging in size from 2,607 to 3,262 square feet of living area. The homes range in age from 94 to 109 years old. The comparables have full basements, two of which have finished area, central air conditioning, and one or two fireplaces. Three comparables have a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$52,401 to \$71,369 or from \$19.59 to \$21.88 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends improvement assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable properties for the Board's consideration, none of which are particularly similar to the subject. Nevertheless, the Board gives less weight to the appellant's comparables #1 through #4, due to their lack of central air conditioning when compared to the subject. The Board also gives less weight to the board of review's comparables #1 and #3, due to their larger dwelling size when compared to the subject. The Board finds the parties' remaining comparables have varying degrees of similarity to the subject. However, two of the parties' best comparables have finished basement area, unlike the subject, and one of the parties' best comparables lacks a garage when compared to the subject. Nevertheless, the best comparables have improvement assessments ranging from \$33,771 to \$60,417 or from \$12.92 to \$20.92 per square foot of living area. The subject's improvement assessment of \$56,041 or \$20.74 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
