

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Bonahoom
DOCKET NO.: 21-21866.001-R-1
PARCEL NO.: 08-12-113-007-0000

The parties of record before the Property Tax Appeal Board are Robert Bonahoom, the appellant(s), by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,853
IMPR.: \$23,215
TOTAL: \$25,068

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

Appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of an 89-year-old, two-story, mixed-use building of masonry construction with 3,500 square feet of building area. The property has a 2,850 square foot site and is located in Mount Prospect, Elk Grove Township, Cook County. The subject is classified as a class 2-12 property under the Cook County Real Property Assessment Classification Ordinance.

Appellant contends assessment inequity as the basis of the appeal. In support of its inequity argument, appellant submitted information on three suggested equity comparables. Each of the comparable properties were improved with a mixed-use property of either masonry or frame and masonry construction. The comparable properties ranged in square feet of building area between 2,682 and 5,887 and in improvement assessment per square foot of building area from \$4.86 to \$6.14. In addition, appellant submitted a copy of the board's written decision reflecting a total

assessment for the subject property of \$25,068. Based on this evidence, appellant requests a reduction in the subject property's total assessment to \$21,663.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$25,068. The subject property has an improvement assessment of \$23,216, or \$6.63 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparables. Each of the comparable properties were improved with either a one-story, a one-and-one-half-story, or a two-story mixed-use building of either masonry or frame and masonry construction. They ranged in building area square footage from 1,014 to 3,775 and in assessment from \$8.04 to \$19.40 per square foot of building area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be *appellant's comparables #2 and #3 and the board of review's comparable #1*. These comparables had improvement assessments that ranged from \$5.98 to \$8.04 per square foot of building area. They were most similar to the subject property in building area square footage. The subject's improvement assessment of \$6.63 per square foot of building area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
