

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: VPP Holdings LLC  
DOCKET NO.: 21-22367.001-R-1  
PARCEL NO.: 29-19-213-050-0000

The parties of record before the Property Tax Appeal Board are VPP Holdings LLC, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$1,513  
**IMPR.:** \$3,014  
**TOTAL:** \$4,527

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a multi-level dwelling of frame exterior construction with 1,049 square feet of living area. The dwelling is approximately 58 years old. Features of the home include a basement with finished area, central air conditioning, and a 2-car garage. The property has a 5,500 square foot site and is located in Markham, Thornton Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with multi-level dwellings of frame exterior construction ranging in size from 1,036 to 1,218 square feet of living area. The comparables range in age from 59 to 61 years old.

Each comparable is reported to have an unfinished basement, central air conditioning, and a 2-car garage. The comparables have improvement assessments ranging from \$2,523 to \$3,030 or from \$2.42 to \$2.50 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$2,602 or \$2.48 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$4,527. The subject property has an improvement assessment of \$3,014 or \$2.87 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with multi-level dwellings of masonry or frame and masonry exterior construction ranging in size from 1,069 to 1,100 square feet of living area. The comparables are either 56 or 58 years old. Each comparable has a basement with finished area. One comparable has central air conditioning. Three comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$3,100 to \$5,917 or from \$2.88 to \$5.38 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #3 which is a considerably larger dwelling than the subject. The Board finds the seven remaining comparables to be similar to the subject in location, design, age, and dwelling size. However, three comparables are reported to lack basement finish, three comparables lack central air conditioning, and one comparable lacks a garage, all of which are features of the subject, suggesting upward adjustments for these differences would be necessary to make them more equivalent to the subject. Nevertheless, these comparables have improvement assessments ranging from \$2,523 to \$5,917 or from \$2.42 to \$5.38 per square foot of living area. The subject's improvement assessment of \$3,014 or \$2.87 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
