

FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Pawel Lewandowski DOCKET NO.: 21-22864.001-R-1 PARCEL NO.: 13-18-322-011-0000

The parties of record before the Property Tax Appeal Board are Pawel Lewandowski, the appellant, by attorney Christopher Wojcicki, of Wojckcki Law in Schaumburg; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds <u>A Reduction</u> in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,796 **IMPR.:** \$15,777 **TOTAL:** \$21,573

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of land totaling 5,040 square feet and is improved with a 60-year-old, one-story residence, masonry, single-family dwelling containing 1,126 square feet of building area. The property is located in Norridge, Norwood Park Township, and is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on inequity and overvaluation established by recent sales. The petition disclosed that the subject is an owner-occupied residence.

The appellant submitted five sales comparables. The sales prices ranged from \$190,000-\$255,000 or \$174.37-\$199.01 per square foot of living area.

In support of the equity argument, the appellant submitted information on five equity comparables. Each of the appellant's comparables was improved with a one-story dwelling of masonry construction. They range: in age from 45 to 66 years old; in size from 1,240 to 1,430 square feet of living area; and in improvement assessment from \$9.11 to \$13.14 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's assessment of \$25,573 with an improvement assessment of \$19,777 or \$17.56 per square foot of living area. The total assessment reflects a market value of \$255,730 or \$227.11 per square foot of living area, including land, using the Cook County Real Estate Classification Ordinance level of assessment for class 2 property of 10%.

The board of review submitted information on four equity comparables. These properties are described as one-story dwellings of masonry construction. They range: in age from 59 to 60 years old; contain 1,126 square feet of living area; and have an improvement assessment from \$17.75 to \$18.21 per square foot of living area.

The board of review did not submit any sales comparables.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c).

The board finds the best evidence of market value to be the appellant's comparable #1, #2, #3, #4, and #5. The Board finds these comparables sold in relevant time to the lien date and are similar in size, construction, age, and amenities. These comparables sold from April 2020 to October 2020 for prices ranging from \$174.37 to \$199.01 per square foot of building area. In comparison, the subject's assessment reflects a market value of \$227.11 per square foot of building area which is above the range of these comparables. Therefore, the Board finds the appellant has proven by a preponderance of the evidence that the subject was overvalued, and a reduction is justified.

The taxpayer also contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b).

The Board finds the best evidence of assessment equity to be the appellant's comparables #3, #4, and #5, and the board of review's comparables #1, #2, #3, and #4. These comparables had improvement assessments ranging from \$9.11 to \$18.21 per square foot of the building area.

These comparables are receiving the most weight because they are the closest in size, number of stories, and/or location. In comparison, the subject's improvement assessment of \$17.56 per square foot of building area is within the range of the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvements is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
