

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Donna Hersick
DOCKET NO.: 21-24311.001-R-1
PARCEL NO.: 16-32-120-037-0000

The parties of record before the Property Tax Appeal Board are Donna Hersick, the appellant(s), by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,470
IMPR.: \$23,553
TOTAL: \$28,023

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160), challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 60-year-old, two-story building of masonry construction with 2,588 square feet of living area. Features of the home include a full basement, a two-car garage, and heat. The property has a 4,158-square-foot site and is located in Berwyn, Berwyn Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends that assessment inequity as the basis of the appeal. In support of the inequity argument, the appellant's petition lists five equity comparables. These properties are described as two-story dwellings with masonry construction. They range: in age from 47 to 75 years old; in size from 2,544 to 3,094 square feet of living area; and in improvement assessment from \$6.30 to \$9.10 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal," disclosing the subject's assessment of \$28,023 with an improvement assessment of \$23,554 or \$9.10 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables. These properties are described as two-story dwellings, of masonry construction. They range: in age from 57 to 67 years old; contain from 2,139 to 2,588 square feet of living area; and have an improvement assessment from \$9.10 to \$9.95 per square foot of living area.

The matter was set for a hearing before an ALJ on June 30, 2025. Prior to hearing the parties entered into a written agreement to waive the hearing and have the matter decided on previously submitted evidence

Conclusion of Law

When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e); Walsh, 181 Ill. 2d at 234 (1998). Clear and convincing evidence means more than a preponderance of the evidence, but it does not need to approach the degree of proof needed for a conviction of a crime. Bazyldo v. Volant, 164 Ill. 2d 207, 213 (1995). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question, of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof, and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparable #5 and the board of review's comparable #1, #2, and #3. These comparables ranged in improvement assessment from \$8.29 to \$9.95 per square foot of living area. The subject's improvement assessment of \$9.10 per square foot of living area falls within the range established by the best comparables in this record. These comparables were selected due to similarities in living area square footage, age, and/or location. The Board finds that the appellant did not demonstrate by clear and convincing evidence that the subject was inequitably assessed and, therefore, a reduction in the subject's assessment is not justified.

After considering all the comparable properties submitted by the parties with emphasis on those properties that are more proximate in location, more similar in size, and with similar features relative to the subject and after further considering adjustments to the best comparable properties for differences from the subject, the Board finds the subject's improvement assessment is supported. The Board finds that the appellant failed to demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and, therefore, a reduction in the subject's assessment commensurate with the appellant's request is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
