

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nicholas Monaco
DOCKET NO.: 21-25185.001-R-1
PARCEL NO.: 07-15-415-018-0000

The parties of record before the Property Tax Appeal Board are Nicholas Monaco, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,168
IMPR.: \$14,178
TOTAL: \$19,346

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame and masonry exterior construction with 1,401 square feet of living area. The home is approximately 63 years old. Features include a slab foundation and a 2.5-car garage. The property has a 12,160 square foot site and is located in Hoffman Estates, Schaumburg Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables with the same assessment neighborhood code as the subject and located from 0.36 to 0.52 of a mile from the subject. The comparables are improved with 1-story, class 2-03 dwellings of frame and masonry exterior construction ranging in size from 1,416 to 1,456 square feet of living area. The homes are either 65 or 66 years old. Each comparable is reported to lack

a basement foundation. One comparable has central air conditioning. Four comparables have from a 1-car to a 2.5-car garage. The comparables have improvement assessments ranging from \$6,360 to \$11,330 or from \$4.37 to \$7.89 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$9,709 or \$6.93 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$19,346. The subject property has an improvement assessment of \$14,178 or \$10.12 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject and located on the same block or ¼ of mile from the subject. Comparables #1, #2, and #3 are also located on the same street as the subject property. The comparables are improved with 1-story, class 2-03 dwellings of masonry or frame and masonry exterior construction with either 1,339 or 1,401 square feet of living area. The homes are either 61 or 63 years old. Each comparable has either a slab or crawl space foundation. Three comparables each have central air conditioning. Each comparable has a 1-car garage. The comparables have improvement assessments ranging from \$16,272 to \$16,597 or from \$11.61 to \$12.40 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be board of review comparables #1, #2, and #3 which are located proximate to the subject being on the same block and/or street as well as being identical to the subject in age and dwelling size with varying degrees of similarity in other features. The most similar comparables have improvement assessments ranging from \$16,272 to \$16,576 or from \$11.61 to \$11.83 per square foot of living area. The subject's improvement assessment of \$14,178 or \$10.12 per square foot of living area falls below the range established by the best comparables in this record. The Board gives diminished weight to the appellant's comparable #4 which has an improvement assessment that is substantially lower than other comparables in this record, thus, making this comparable an outlier. The appellant's remaining comparables and board of review comparable #4 were accorded diminished weight due to disparities from the subject in dwelling size and/or garage amenity. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the subject's improvement is not supported and a reduction is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
