

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Roe
DOCKET NO.: 21-25187.001-R-1
PARCEL NO.: 07-09-220-010-0000

The parties of record before the Property Tax Appeal Board are Mark Roe, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,939
IMPR.: \$14,444
TOTAL: \$20,383

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 1,073 square feet of living area. The home is approximately 57 years old. Features include a slab foundation and a 3-car garage. The property has a 10,329 square foot site and is located in Hoffman Estates, Schaumburg Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables with the same assessment neighborhood code as the subject and located from 0.14 to 0.58 of a mile from the subject property. The comparables are improved with 1-story, class 2-03 dwellings of frame or frame and masonry exterior construction ranging in size ranging in size from 1,073 to 1,268 square feet of living area. The homes range in age from 56 to 60 years old.

Four comparables are each reported to lack a basement foundation and one comparable has a partial basement with finished area. One comparable has central air conditioning. Four comparables have either a 1-car or a 1.5-car garage. The comparables have improvement assessments ranging from \$7,250 to \$13,173 or from \$6.76 to \$10.53 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$10,151 or \$9.46 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$20,383. The subject property has an improvement assessment of \$14,444 or \$13.46 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject and located on the same block as the subject property. Three comparables are also located on the same street as the subject. The comparables are improved with 1-story, class 2-03 dwellings of frame exterior construction ranging in size from 1,045 to 1,087 square feet of living area. The homes range in age from 53 to 58 years old. Three comparables each have a slab foundation and one comparable has a partial basement with finished area. Each comparable has a 1-car garage. The comparables have improvement assessments ranging from \$15,133 to \$16,367 or from \$14.45 to \$15.06 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be board of review comparables #1, #2, and #3 which are located on the same block as the subject property and are overall more similar to the subject in location, design/class code, age, dwelling size, and most features. These comparables have improvement assessments ranging from \$15,133 to \$15,662 or from \$14.45 to \$14.56 per square foot of living area. The subject's improvement assessment of \$14,444 or \$13.46 per square foot of living area falls below the range established by the best comparables in this record. The Board gives less weight to the appellant's comparable #2 which has an improvement assessment that is substantially lower than the other comparables in this record, thus, making this comparable an outlier. The parties' remaining comparables were accorded diminished weight due to disparities from the subject in dwelling size, foundation type, or garage amenity. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the subject's improvement is supported and a reduction is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
