

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kay Slaven
DOCKET NO.: 21-25627.001-R-1
PARCEL NO.: 05-33-300-105-0000

The parties of record before the Property Tax Appeal Board are Kay Slaven, the appellant(s), by attorney Stephanie Park, of Park & Longstreet, P.C. in Inverness; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,496
IMPR.: \$80,362
TOTAL: \$90,858

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

Appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a single-family, two-story dwelling of frame construction containing 3,548 square feet of living area. As of the instant lien date the subject was approximately four years old. Features of the home include a full formal recreation room basement, air conditioning, and a two-car garage. The subject has an 8,397 square foot site and is in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

Appellant's appeal is based on assessment equity, and Appellant submitted information on eight suggested comparable two-story dwellings. Three are frame construction; three are masonry; one is stucco; one is frame-and-masonry. All have air conditioning. As of the lien date, Appellant's comparables ages range from six to fifteen years old. Appellant's comparables range in size from 3,453 square feet to 3,643 square feet of living area and improvement assessments from \$17.88 to

\$20.41 per square foot of living area. Each comparable has the same neighborhood code as the subject property, with no further evidence of proximity to the subject.

The Cook County Board of Review (BOR) submitted its “Board of Review Notes on Appeal” wherein the subject’s final assessment of \$90,585 was disclosed. The subject has a total improvement assessment of \$80,362 or \$22.65 per square foot of living area.

The BOR submitted four equity comparables in support of its final assessment. The properties are described as two-story dwellings, with three located on the same Sidwell block as the subject and one located in the same subarea. All four BOR comparables share the same neighborhood code as the subject. Three are frame construction; one is masonry. All have air conditioning. As of the lien date the BOR comparables range from four to thirteen years old. The comparables range from 3,373 to 3,548 square feet of building area and have improvement assessments from \$23.23 to \$25.25 per square foot of building area.

Conclusions of Law

Appellant contends assessment inequity as the basis of the appeal.

When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds Appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be BOR comparables 1, 2, and 3. All three comparables are similar to the subject’s improvement size. All three comparables are the same age as the subject. All three comparables are frame construction, same as the subject. And all three comparables are on the same block as the subject. Appellant did not disclose the comparables’ proximity to the subject.

These comparables have improvement assessments that range from \$23.23 to \$25.25 per square foot of living area. The subject's improvement assessment of \$22.65 per square foot of living area falls below the range established by the best comparables in this record.

Based on this record, the Board finds Appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
