

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gary Johnson  
DOCKET NO.: 21-25677.001-R-1  
PARCEL NO.: 05-29-209-029-0000

The parties of record before the Property Tax Appeal Board are Gary Johnson, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$41,617  
**IMPR.:** \$110,665  
**TOTAL:** \$152,282

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of masonry construction with 5,503 square feet of living area. The dwelling is 65 years old. Features of the home include an unfinished partial basement, two fireplaces and a 3-car garage. The property has a 24,481 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument the appellant submitted information on four comparable properties located within the same neighborhood code as the subject. The comparables are improved with class 2-09 dwellings of masonry construction ranging in size from 5,206 to 5,758 square feet of living area. The dwellings range in age from 34 to 68 years old and have full or partial basements. The appellant failed to disclose whether the comparables

have unfinished basements or have finished basement area. Three comparables have central air conditioning, each comparable has from one to three fireplaces, and each comparable has either a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$60,500 to \$105,148 or from \$10.51 to \$19.39 per square foot of living area.

Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$152,282. The subject property has an improvement assessment of \$110,665 or \$20.11 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparable properties located within the same neighborhood code as the subject. The comparables are improved with class 2-09 dwellings of masonry or frame and masonry construction ranging in size from 5,449 to 5,870 square feet of living area. The dwellings range in age from 58 to 77 years old. The comparables have full or partial basements, one of which has finished area, central air conditioning, from one to three fireplaces, and from a 2-car to a 3-car garage. The comparables have improvement assessments ranging from \$110,468 to \$131,232 or from \$20.27 to \$22.36 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #4, as well as the board of review's comparables #1, #2 and #4. These comparables have varying degrees of similarity to the subject. These comparables had improvement assessments ranging from \$60,500 to \$111,275 or from \$10.51 to \$20.41 per square foot of living area. The subject's improvement assessment of \$110,665 or \$20.11 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. The Board gave less weight to the parties' remaining comparables, due to their differences in dwelling size or age when compared to the subject. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
