

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Christopher Crosby
DOCKET NO.: 21-25957.001-R-1
PARCEL NO.: 05-28-216-027-0000

The parties of record before the Property Tax Appeal Board are Christopher Crosby, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$20,565
IMPR.: \$58,918
TOTAL: \$79,483

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 3,149 square feet of living area. The dwelling is 67 years old. Features of the home include a full basement, that has finished area, central air conditioning, two fireplaces and a 2-car garage. The property has a 9,793 square foot site and is located in Kenilworth, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument the appellant submitted information on eight comparable properties located within the same neighborhood code as the subject. The comparables are improved with 2-story dwellings of wood, masonry or wood and masonry exterior construction ranging in size from 2,444 to 3,702 square feet of living area. The

dwelling range in age from 73 to 92 years old. Six of the comparables have full or partial basements, three of which have finished area, one comparable has a crawl-space foundation, and one comparable has a slab foundation. Six comparables have central air conditioning, each comparable has from one to three fireplaces, and seven comparables have either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$40,265 to \$60,463 or from \$14.87 to \$17.03 per square foot of living area.

Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$79,483. The subject property has an improvement assessment of \$58,918 or \$18.71 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparable properties located within the same neighborhood code as the subject. The comparables are improved with 2-story dwellings of frame and masonry exterior construction ranging in size from 2,382 to 2,620 square feet of living area. The dwellings are either 65 or 68 years old and have full or partial basements, one of which has finished area. Two comparables have central air conditioning, three comparables each have a fireplace, and three comparables have either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$44,186 to \$52,462 or from \$18.55 to \$20.02 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of 12 comparable properties for the Board's consideration, none of which are particularly similar to the subject. Nevertheless, the Board finds the best evidence of assessment equity to be the appellant's comparable #7, as well as the board of review's comparables #1, #2 and #3. These comparables have varying degrees of similarity to the subject. However, each of the best comparables has a smaller dwelling when compared to the subject. Nevertheless, the best comparables had improvement assessments ranging from \$44,186 to \$52,647 or from \$14.88 to \$20.02 per square foot of living area. The subject's improvement assessment of \$58,918 or \$18.71 per square foot of living area falls above the range established by the best comparables in this record on a total improvement assessment basis but within the range on a per square foot basis. However, after considering adjustments to the best comparables for differences when compared to the subject, such as their smaller dwellings, the

Board finds the subject's higher total improvement assessment is justified. The Board gave less weight to the parties' remaining comparables, due to their lack of a basement foundation, their older dwelling or their lack of a garage when compared to the subject. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
