

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Eric Brown  
DOCKET NO.: 21-26285.001-R-1  
PARCEL NO.: 29-03-311-015-0000

The parties of record before the Property Tax Appeal Board are Eric Brown, the appellant, by attorney John J. Piegore, of Sanchez, Daniels & Hoffman LLP in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$1,935  
**IMPR.:** \$5,593  
**TOTAL:** \$7,528

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of frame construction with 1,316 square feet of living area. The dwelling is approximately 96 years old and has a full basement. The property has a 5,160 square foot site and is located in Dolton, Thornton Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four comparable properties that are located within the subject's assessment neighborhood. The comparables are improved with 1-story class 2-03 dwellings of frame construction ranging in size from 1,457 to 1,692 square feet of living area. The homes range in age from 92 to 103 years old. Each comparable has a full basement, and either a 1-car or 2-car garage. The comparables have

improvement assessments ranging from \$5,920 to \$7,061 or from \$3.95 to \$4.17 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$5,409 or \$4.11 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$8,238. The subject property has an improvement assessment of \$6,303 or \$4.79 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparable properties that are located within the subject's assessment neighborhood and within the same block as the subject. The comparables are improved with 1-story or 1.5-story class 2-03 dwellings of frame or masonry construction ranging in size from 1,014 to 1,330 square feet of living area. The homes range in age from 62 to 97 years old. Each comparable has either a full or partial basement, one of which has finished area. Three comparables have central air conditioning, one comparable has a fireplace, and each comparable has either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$6,248 to \$7,685 or from \$5.31 to \$6.55 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends improvement assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of eight comparable properties for the Board's consideration, all of which have a garage when compared to the subject. Nevertheless, the Board finds the best evidence of assessment equity to be the comparables submitted by the appellant. These comparables have varying degrees of similarity to the subject and have improvement assessments ranging from \$5,920 to \$7,061 or from \$3.95 to \$4.17 per square foot of living area. The subject's improvement assessment of \$6,303 or \$4.79 per square foot of living area falls within the range established by the best comparables in this record overall and above the range on a per-square-foot basis. The Board gave less weight to the board of review's comparables, due to their age, design, and/or central air conditioning feature when compared to the subject. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
