

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alex Njaastad
DOCKET NO.: 21-27011.001-R-1
PARCEL NO.: 02-29-103-004-0000

The parties of record before the Property Tax Appeal Board are Alex Njaastad, the appellant(s), by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,394
IMPR.: \$15,352
TOTAL: \$21,746

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

Appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 10,230 square foot parcel of land improved with a 49-year-old, one-story, frame, single-family dwelling, containing 1,546 square feet of living area. The property is located in Hoffman Estates, Palatine Township, Cook County and is a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

Appellant contends assessment inequity as the basis of the appeal. In support of this argument, appellant submitted information on five comparable properties. Each of the comparable properties was improved with a single-family dwelling of either frame or frame and masonry construction. They ranged from 1,578 to 1,775 square feet of living area. They ranged in improvement assessment per square foot of living area from \$9.38 to \$10.35. Appellant also submitted a copy of the board of review's written decision reflecting a total assessed valuation

for the subject property of \$25,773. Based on this evidence, appellant requested a reduction in the subject's assessment to \$21,746.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total valuation assessment for the subject of \$25,773 and an improvement assessment of \$19,380, or \$12.54 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three suggested equity comparables. Each comparable was improved with a 1-story residence of frame construction. The comparables ranged between 1,253 and 1,296 square feet of living area and in assessment between \$15.55 and \$15.85 per square foot of living area.

Conclusion of Law

The taxpayer asserts assessment inequity as the basis of the appeal. The Illinois Constitution requires that real estate taxes, "be levied uniformly by valuation ascertained as the General Assembly shall provide by law." Ill. Const. art. IX, §4 (1970); Walsh v. Property Tax Appeal Board, 181 Ill. 2d 228, 234 (1998). When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e); Walsh, 181 Ill. 2d at 234 (1998). Clear and convincing evidence means more than a preponderance of the evidence, but it does not need to approach the degree of proof needed for a conviction of a crime. Bazyldo v. Volant, 164 Ill. 2d 207, 213 (1995). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of the subject property and it is recommended that not less than three comparable properties be submitted. 86 Ill.Admin. Code §1910.65(b). The Board finds appellant *did meet* this burden of proof and a reduction in the subject's assessment *is* warranted.

The Board finds the best evidence of assessment equity to be *appellant's comparables #2, #3, #4, and #5*. They were most similar to the subject property in living area square footage. The best comparables had improvement assessments that ranged from \$9.38 to \$10.35 per square foot of living area. The subject's improvement assessment of \$12.53 per square foot of living area falls *above* the range established by the best comparables in this record. After considering all the comparable properties submitted by the parties with emphasis on those properties that are more proximate in location, more similar in size, and with similar features relative to the subject and after further considering adjustments to the best comparable properties for differences from the subject, the Board finds the subject's improvement assessment *is not* supported. The Board finds that the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and, therefore, a reduction in the subject's assessment commensurate with the appellant's request *is* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
