

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brian & Andrea Rekus
DOCKET NO.: 21-27078.001-R-1
PARCEL NO.: 27-20-321-053-0000

The parties of record before the Property Tax Appeal Board are Brian & Andrea Rekus, the appellants, by attorney Kelly J. Keeling, of KBC Law Group in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,390
IMPR.: \$25,609
TOTAL: \$30,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 2,690 square feet of living area. The dwelling is approximately 25 years old. Features of the home include a partial unfinished basement, central air conditioning, a fireplace, and a 2-car garage. The property has a 9,375 square foot site and is located in Orland Park, Orland Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellants submitted information on four equity comparables located within the same assessment neighborhood code as the subject and from .6 of a mile to 2.5 miles from the subject. The comparables are improved with class 2-78 dwellings of frame and masonry exterior construction ranging in size from 2,725 to 2,796 square feet of

living area. The comparables are 21 to 33 years old and have full or partial unfinished basements. Each comparable has central air conditioning, one fireplace and a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$23,278 to \$24,362 or from \$8.36 to \$8.94 per square foot of living area. Based on this evidence, the appellants requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$30,999. The subject property has an improvement assessment of \$25,609 or \$9.52 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same block or within ¼ of a mile from subject property and within the same assessment neighborhood code as the subject. The comparables are improved with class 2-78, 2-story dwellings of frame and masonry exterior construction ranging in size from 2,255 to 2,558 square feet of living area. The comparables are 26 and 27 years old and have full unfinished basements. Each comparable has central air conditioning, one fireplace and a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$22,956 to \$28,098 or from \$10.18 to \$11.20 per square foot of living area.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #1, #2 and #3 which are located over 1.5 miles from the subject. The Board gives less weight to board of review comparable #4 which is less similar to the subject in dwelling size than the remaining comparables in the record.

The Board finds the best evidence of assessment equity to be the appellants' comparable #4 and board of review comparables #1, #2 and #3 which overall are more similar to the subject in location, age, dwelling size and features. These comparables have improvement assessments ranging from \$24,362 to \$28,098 or from \$8.94 to \$11.20 per square foot of living area. The subject's improvement assessment of \$25,609 or \$9.52 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
