

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Ward
DOCKET NO.: 21-27674.001-R-1
PARCEL NO.: 27-21-403-047-0000

The parties of record before the Property Tax Appeal Board are Michael Ward, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,385
IMPR.: \$24,276
TOTAL: \$27,661

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story townhome style dwelling of masonry exterior construction with 1,759 square feet of living area. The dwelling is approximately 16 years old. Features of the home include a basement with finished area, central air conditioning, one fireplace and a 2-car garage. The property has an approximately 3,078 square foot site and is located in Orland Park, Orland Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 1-story class 2-95 dwellings of masonry exterior construction with 1,878 or 1,896 square feet of living area and are 25 or 26 years old. Each comparable has a

basement, with three having finished area. Each dwelling has one fireplace and a 1.5-car garage. The comparables have improvement assessments ranging from \$20,628 to \$21,595 or from \$10.98 to \$11.39 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$19,666 or \$11.18 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$27,661. The subject property has an improvement assessment of \$24,276 or \$13.80 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 1-story class 2-95 dwellings of masonry exterior construction ranging in size from 1,744 to 1,775 square feet of living area and are either 16 or 17 years old. Each comparable has a basement with finished area, central air conditioning, one fireplace and a 2-car garage. The comparables have improvement assessments ranging from \$24,266 to \$24,725 or from \$13.80 to \$13.93 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and board of review comparables #3 and #4 which are less similar to the subject in age, dwelling size and/or basement features.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #2 which are identical or nearly identical to the subject in location, age, design, dwelling size and features. These two comparables have improvement assessments of \$24,276 or \$13.80 per square foot of living area. The subject's improvement assessment of \$24,276 or \$13.80 per square foot of living area is identical to the two comparables in this record that are essentially identical to the subject property. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
