

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ricardo Martinez
DOCKET NO.: 21-30411.001-R-1
PARCEL NO.: 13-25-320-034-0000

The parties of record before the Property Tax Appeal Board are Ricardo Martinez, the appellant, by Ciarra Schmidt, attorney-at-law of Schmidt Salzman & Moran, Ltd. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,625
IMPR.: \$53,375
TOTAL: \$69,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of masonry construction containing 2,310 square feet of living area. The dwelling is approximately 113 years old. Features of the property include a partial unfinished basement, two bathrooms and a 2-car garage. The property has a 3,125 square foot site located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables composed of class 2-06 properties that are improved with two-story dwellings of frame or frame and masonry exterior construction that range in size from 2,330 to 2,536 square

feet of living area.¹ The homes range in age from 113 to 129 years old. Four comparables have full basements with one having finished area, two comparables have central air conditioning, and four comparables each have a 3.5-car garage. Each property has one, two or three full bathrooms and two comparables have an additional one or two ½ bathrooms. The comparables have the same neighborhood code as the subject property. Their improvement assessments range from \$32,500 to \$43,279 or from \$13.39 to \$17.12 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$36,290.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$69,000. The subject property has an improvement assessment of \$53,375 or \$23.11 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables consisting of class 2-06 properties improved with two-story dwellings of masonry exterior construction that range in size from 2,357 to 2,382 square feet of living area. The dwellings range in age from 107 to 122 years old. Each property has a full basement with three having finished area, three comparables have central air conditioning, and three comparables have a 2-car, 2.5-car or 3-car garage. Each property has two, three or four full bathrooms and one comparable has an additional ½ bathroom. These properties have the same assessment neighborhood code as the subject and are located ¼ of a mile from the subject. Their improvement assessments range from \$65,666 to \$72,314 or from \$27.86 to \$30.59 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains information on nine equity comparables with the same classification code and neighborhood code as the subject property. The Board finds the best evidence of assessment equity to be appellant's comparable #4 and the board of review comparables that are most similar to the subject property in dwelling size containing from 2,330 to 2,382 square feet of living area. The comparables have varying degrees of similarity to the subject property in features requiring adjustments to make them more equivalent to the subject property. These five comparables have improvement assessments that range from \$39,250 to \$72,314 or from \$16.85 to \$30.59 per square foot of living area. The subject's improvement assessment of \$53,375 or \$23.11 per square foot of living area falls within the range established by the best comparables in this record and is below each comparable submitted by the board of review. Less weight is given appellant's comparables #1, #2, #3 and #5 due to differences from the subject in dwelling size. Based on this record the Board finds the appellant did not demonstrate with clear and convincing

¹ The appellant submitted copies of property characteristic sheets from the Cook County Assessor's Office for the comparables from which descriptive information was verified, added or corrected by this Board.

evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
