

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: DiPak Patel
DOCKET NO.: 21-30437.001-R-1
PARCEL NO.: 17-19-422-036-0000

The parties of record before the Property Tax Appeal Board are DiPak Patel, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,450
IMPR.: \$8,076
TOTAL: \$17,526

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story, multi-family building of frame exterior construction with 2,440 square feet of gross building area. The building is approximately 133 years old. Features include a full basement and three full bathrooms. The property has a 3,150 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information, including property characteristics printouts which were analyzed to verify/edit/update data in the Section V grid analysis on five equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with 2-story, class 2-11 multi-family buildings of frame, masonry, or frame and masonry exterior construction ranging in size from 2,240 to 2,466 square

feet of gross building area. The buildings range in age from 38 to 135 years old. Three comparables each have a full basement. Each comparable has either two or three full bathrooms. Three comparables have either a 1.5-car or a 3.5-car garage. The comparables have improvement assessments ranging from \$3,600 to \$10,406 or from \$1.38 to \$4.22 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$8,076 or \$3.31 per square foot of gross building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$26,225. The subject property has an improvement assessment of \$16,775 or \$6.88 per square foot of gross building area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with 2-story, class 2-11 multi-family buildings of frame exterior construction ranging in size from 1,840 to 2,961 square feet of gross building area. The buildings are either 138 or 143 years old. Two comparables each have a full basement, one of which has finished area, and two comparables each have a slab foundation. Each comparable has either two or three full bathrooms and either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$30,550 to \$42,550 or from \$14.03 to \$16.60 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #3, #4, and #5 which are substantially newer in age than the subject and/or have a garage, unlike the subject. The Board also gives less weight to the board of review comparables which are substantially larger buildings than the subject and each has a garage, unlike the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #2 which are overall more similar to the subject in location, design/class, age, and gross building size with varying degrees of similarity in foundation type and other features. The two best comparables have improvement assessments of \$3,600 and \$6,261 or \$1.38 and \$2.70 per square foot of gross building area. The subject's improvement assessment of \$16,775 or \$6.88 per square foot of gross building area falls above the two best comparables in this record. After considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment, commensurate with the appellant's request, is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
