

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Heather Keil
DOCKET NO.: 21-30440.001-R-1
PARCEL NO.: 13-36-225-010-0000

The parties of record before the Property Tax Appeal Board are Heather Keil, the appellant, by attorney Ciarra Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,487
IMPR.: \$47,282
TOTAL: \$59,769

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2022 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 1,575 square feet of living area and is approximately 133 years old. Features include a full basement,¹ 2.5 bathrooms, central air conditioning, and a 2-car garage. The property has a 2,775 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables with the same assessment neighborhood code as the subject property including property characteristics printouts that were examined to verify/edit some data in the Section V grid analysis. The comparables are improved with 2-story, class 2-05 dwellings of frame or

masonry exterior construction ranging in size from 1,512 to 1,680 square feet of living area. The homes range in age from 128 to 133 years old. Three comparables each have a full basement, two of which have finished area. Each comparable has from 1.5 to 2.5 bathrooms. One comparable has a fireplace and a garage has a capacity of "6 or more.". The comparables have improvement assessments ranging from \$24,407 to \$39,823 or from \$15.51 to \$24.52 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$32,870 or \$20.87 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$59,769. The subject property has an improvement assessment of \$47,282 or \$30.02 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables with the same assessment neighborhood code as the subject property. The comparables are improved with 2-story, class 2-05 dwellings of frame exterior construction ranging in size from 1,348 to 1,942 square feet of living area. The homes are either 129 or 131 years old. The comparables each have a full or partial basement with one of these having finished area and either 2.0 or 2.5 bathrooms. One comparable has central air conditioning. One comparable has a fireplace. Two comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$49,175 to \$68,673 or from \$33.55 to \$50.49 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The appellant's comparables #2 through #5 as well as board of review comparable #2 were accorded diminished weight due to differences from the subject in foundation type and/or garage amenity. The Board also accorded diminished weight to board of review comparable #3 which is a substantially larger home than the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #1 and board of review comparable #1 which are similar to the subject in location, design/class, age, and dwelling size with varying degrees of similarity in other features. These comparables have improvement assessments of \$24,407 and \$49,175 or \$15.51 to \$36.48 per square foot of living area. The subject's improvement assessment of \$47,282 or \$30.02 per square foot of living area is bracketed by the two best comparables in this record. After considering appropriate adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
