

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Todd Lazar
DOCKET NO.: 21-30458.001-R-1
PARCEL NO.: 13-25-311-005-0000

The parties of record before the Property Tax Appeal Board are Todd Lazar, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$19,050
IMPR.: \$54,950
TOTAL: \$74,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story multi-family building of masonry exterior construction with 3,988 square feet of building area. The building is approximately 115 years old. Features of the building include a basement finished with an apartment¹ and a 1-car garage. The property has an approximately 3,810 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables, three of which are located in the same assessment neighborhood code as the

subject property. The comparables are improved with 2-story or 3-story class 2-11 multi-family buildings of frame or masonry exterior construction ranging in size from 3,049 to 4,371 square feet of building area. The buildings range in age from 97 to 131 years old. According to the Property Details sheets submitted by the appellant, four comparables have a basement, two of which are finished with an apartment, and one comparable has no basement. One property has two fireplaces. Each comparable has from a 1½-car to "6 or more" car garage. The comparables have improvement assessments ranging from \$24,750 to \$53,850 or from \$8.06 to \$12.32 per square foot of building area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$32,382 or \$8.12 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$74,000. The subject property has an improvement assessment of \$54,950 or \$13.78 per square foot of building area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code, on the same block or within ¼ of a mile from the subject property. The comparables are improved with 2-story or 3-story class 2-11 buildings of masonry exterior construction ranging in size from 3,765 to 4,138 square feet of building area. The buildings range in age from 101 to 115 years old. Each comparable has a basement, with two having finished area. One building has central air conditioning and three properties have either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$62,460 to \$66,705 or from \$15.13 to \$16.99 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to appellant comparables #1, #2, #3 and #4 along with board of review comparables #1 and #2 which differ from the subject in location, age, foundation type, basement amenities and/or building size.

The Board finds the best evidence of assessment equity to be appellant comparable #5 and board of review comparables #3 and #4 which are more similar to the subject in location, age, building size and some features. However, these best comparables present varying degrees of similarity to the subject in design, garage capacity and/or presence of central air conditioning, suggesting adjustments are needed to make these properties more equivalent to the subject. These best comparables have improvement assessments ranging from \$53,850 to \$66,705 or from \$12.32 to \$16.12 per square foot of building area. The subject's improvement assessment of \$54,950 or \$13.78 per square foot of building area falls within the range established by the best comparables

in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
