

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Frank Riordan
DOCKET NO.: 21-30577.001-R-1
PARCEL NO.: 14-31-138-015-0000

The parties of record before the Property Tax Appeal Board are Frank Riordan, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$16,800
IMPR.: \$67,200
TOTAL: \$84,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story, multi-family building of masonry exterior construction with 2,505 square feet of gross building area. The building is approximately 25 years old. Features include a full basement finished with a recreation room,¹ central air conditioning, one fireplace, and a 2-car garage. The property has a 2,400 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables with the same assessment neighborhood code as the subject. The comparables are improved with 2-story or 3-story, class 2-11 multi-family buildings of masonry exterior construction

¹ The best description of the subject's basement was gleaned from the evidence presented by the board of review.

ranging in size from 2,376 to 2,733 square feet of gross building area. The buildings range in age from 102 to 123 years old. Four comparables each have a full basement, one of which is finished with an apartment, and one comparable is reported to have "None" for basement area. The comparables have improvement assessments ranging from \$43,465 to \$49,400 or from \$18.03 to \$18.30 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$45,816 or \$18.29 per square foot of gross building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$84,000. The subject property has an improvement assessment of \$67,200 or \$26.83 per square foot of gross building area. In support of its contention of the correct assessment, the board of review submitted information on four comparables with the same assessment neighborhood code as the subject. The comparables are improved with 2-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 2,078 to 2,914 square feet of gross building area. The buildings range in age from 22 to 29 years old. The comparables each have a full basement, each of which is finished with either an apartment or a recreation room. Each comparable has central air conditioning. Two comparables have either one or two fireplaces. Three comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$74,000 to \$79,672 or from \$26.84 to \$35.61 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the board of review comparables which are similar to the subject in location, design, and age with varying degrees of similarity in building size, garage amenity, fireplace amenity, and other features. These comparables have improvement assessments ranging from \$74,000 to \$79,672 or from \$26.84 to \$35.61 per square foot of gross building area. The subject's improvement assessment of \$67,200 or \$26.83 per square foot of gross building area falls below the range established by the best comparables in this record. The Board gives less weight to the appellant's comparables which are substantially older buildings than the buildings presented by the board of review, as well as exhibiting other differences from the subject including, but not limited to, central air conditioning, and/or foundation type. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
