

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: DeForest Davis
DOCKET NO.: 21-30580.001-R-1
PARCEL NO.: 17-09-112-046-0000

The parties of record before the Property Tax Appeal Board are DeForest Davis, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,432
IMPR.: \$127,568
TOTAL: \$137,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story townhome of masonry exterior construction with 3,476 square feet of living area. The dwelling is approximately 22 years old. Features include a slab foundation,¹ central air conditioning, one fireplace, and a 2-car garage. The property has a 1,572 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables that are located in the same neighborhood code as the subject property. The comparables are improved with 3-story, class 2-95 townhomes of masonry exterior construction

¹ The Board disclosed the subject has a slab foundation, which was unrefuted by the appellant.

with each having 3,447 square feet of living area. The dwellings are each 22 years old. The comparables each have a slab foundation, central air conditioning, one fireplace, and a 3-car garage. The comparables have improvement assessments of either \$105,046 or \$105,202 or of either \$30.47 or \$30.52 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$106,087 or \$30.52 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$137,000. The subject property has an improvement assessment of \$127,568 or \$36.70 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the same neighborhood code as the subject property as well as on the same block and street as the subject. The comparables are improved with 3-story, class 2-95 townhomes of masonry exterior construction with each having 3,476 square feet of living area. The dwellings are each 22 years old. Each comparable has a slab foundation, central air conditioning, either one or two fireplaces, and a 2-car garage. The comparables have improvement assessments of either \$127,568 to \$136,568 or of either \$36.70 or \$39.29 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board finds each of the parties' comparables is identical or nearly identical to the subject in location, design, age, dwelling size, and other features. The comparables have improvement assessments ranging from \$105,046 to \$136,568 or from \$30.47 to \$39.29 per square foot of living area. The subject's improvement assessment of \$127,568 or \$36.70 per square foot of living area falls within the range established by the comparables in this record. Based on this record and after considering appropriate adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
