

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alma Cisneros
DOCKET NO.: 21-30589.001-R-1
PARCEL NO.: 17-05-116-098-0000

The parties of record before the Property Tax Appeal Board are Alma Cisneros, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$16,704
IMPR.: \$63,936
TOTAL: \$80,640

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story apartment building of masonry construction with 3,069 square feet of gross building area which is approximately 131 years old.¹ Features of the building include 3 baths and a full basement finished with an apartment. The property has a 2,784 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property² under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity

² Apartment building with 2 to 6 units, any age.

comparables located in the same assessment neighborhood code as the subject property. The comparables consist of 2-story and 3-story, class 2-11 apartment buildings of frame, masonry, or frame and masonry construction ranging in size from 2,816 to 3,154 square feet of gross building area and ranging in age from approximately 118 to 134 years old. The comparables are described as each having two or three full bathrooms; two comparables have a full basement with one of them being finished with an apartment; and two comparables have either a 1.5-car or a 3.5-car garage. The comparables have improvement assessments that range from \$36,550 to \$44,752 or from \$12.98 to \$14.19 per square foot of gross building area. The appellant also submitted the property information sheets from the Cook County Assessor's database for each comparable property. Based on this evidence, the appellant requested a reduction to the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$80,640. The subject property has an improvement assessment of \$63,936 or \$20.83 per square foot of gross building area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject and within ¼ of a mile or the same block from the subject property. The comparables consist of 2-story or 3-story, class 2-11 apartment buildings of masonry or frame construction ranging in size from 2,824 to 3,396 square feet of gross building area and ranging in age from 22 to 133 years old. Each comparable features either three or six baths with comparable #4 also featuring one ½ bath. Each comparable has central air conditioning and a full basement finished with either a formal recreation room or an apartment. Three comparables each have three fireplaces, and one comparables has a 2-car garage. The comparables have improvement assessments ranging from \$70,000 to \$85,160 or from \$21.26 to \$25.08 per square foot of gross building area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables in support of their positions before the Property Tax Appeal Board. The Board gives less weight to appellant's comparables #1 through #4 based on either being of differing 3-story design or lacking a basement which is a feature of the subject building. The Board also gives less weight to board of review comparables #1, #2, and #4 based on their significantly newer ages relative to the subject and dissimilar 3-story designs. The Board finds the best evidence of assessment equity to be appellant's comparable #5 and board of review comparable #3 which are most similar to the subject in location, design, gross building area, age, and features. The most similar comparables in the record have improvement assessments of \$44,752 and \$70,000 or \$14.19 and \$24.79 per square foot of gross building area. The subject's improvement assessment of \$63,936 or \$20.83 per square foot of

gross building area is bracketed by the two best equity comparables in this record both in terms of overall improvement assessment and per square foot of gross building area basis.

After considering adjustments to the best comparables for any differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and, therefore, a reduction in the subject's improvement assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
