

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steve Hahn
DOCKET NO.: 21-30620.001-R-1
PARCEL NO.: 13-36-211-006-0000

The parties of record before the Property Tax Appeal Board are Steve Hahn, the appellant, by attorney Dora Cornelio of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,062
IMPR.: \$58,937
TOTAL: \$72,999

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 2,292 square feet of living area. The dwelling is approximately 22 years old. The home features a full unfinished basement,¹ three full bathrooms, one half-bathroom, central air conditioning, a fireplace and a 2-car garage. The property has a 3,125 square foot site and is located in Chicago, West Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables that have the same assessment neighborhood code and property classification code

¹ The board of review disclosed the subject dwelling has a full unfinished basement and an additional half bathroom, which were not refuted by the appellant.

as the subject. According to the property characteristic printouts provided by the appellant, the comparables are improved with two-story dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 2,315 to 2,520 square feet of living area. The dwellings are from 0 to 27 years old. The comparables each have a full basement, two of which are finished with a recreation room. Each comparable has one to three full bathrooms and two comparables each have an additional half bathroom. Four comparables have central air conditioning, three comparables each have a fireplace and four comparables each have a 3.5-car garage. The comparables have improvement assessments that range from \$37,750 to \$51,986 or from \$15.87 to \$20.77 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$42,081 or \$18.36 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$72,999. The subject property has an improvement assessment of \$58,937 or \$25.71 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code and property classification code as the subject. The comparables are located either on the same street and within the same block as the subject or approximately $\frac{1}{4}$ of a mile from the subject property. The comparables are improved with two-story dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 2,280 to 2,412 square feet of living area. The dwellings are from 7 to 22 years old. The comparables each have a full basement, two of which are finished with a formal recreation room. Each comparable has central air conditioning, two or three full bathrooms and one or two half bathrooms. Three comparables each have one or two fireplaces and two comparables each have a 2-car garage. The comparables have improvement assessments that range from \$58,937 to \$81,230 or from \$25.71 to \$33.86 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables #2 and #3, as well as board of review comparables #2 and #4 due to their newer dwelling ages, when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #4 and #5, along with board of review comparables #1 and #3, which are similar to the subject in

location and are overall most similar, if not identical, to the subject dwelling in size, design and age. However, these five comparables have features with varying degrees of similarity when compared to the subject, suggesting adjustments would be required in order to make them more equivalent to the subject. Nevertheless, the comparables have improvement assessments ranging from \$37,750 to \$60,058 or from \$15.87 to \$26.34 per square foot of living area. The subject's improvement assessment of \$58,937 or \$25.71 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence presented.

Based on this record, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.

IMPORTANT NOTICE

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year or years of the same general assessment period, as provided in Sections 9-125 through 9-225, are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for such subsequent year or years directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR OR YEARS. A separate petition and evidence must be filed for each of the remaining years of the general assessment period.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
