

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Neil Denahan
DOCKET NO.: 21-30621.001-R-1
PARCEL NO.: 14-31-320-018-0000

The parties of record before the Property Tax Appeal Board are Neil Denahan, the appellant, by attorney Ciarra Schmidt of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,784
IMPR.: \$72,216
TOTAL: \$81,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story dwelling of masonry exterior construction with 2,169 square feet of living area. The dwelling is approximately 7 years old. Features of the home include a concrete slab foundation,¹ central air conditioning, 3½ bathrooms and a two-car garage. The property has a 1,098 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-95 property, a townhome or row house up to 62 years of age, under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity

comparables that have the same assessment neighborhood code and property classification code as the subject property. The comparables are also located on the same street as the subject. According to the property characteristic printouts provided by the appellant, the comparables are improved with two-story or three-story dwellings of masonry exterior construction ranging in size 2,184 to 2,332 square feet of living area, none of which have a basement. The dwellings are 7 or 25 years old. Each comparable has central air conditioning, 2 or 3½ bathrooms and a three-car garage. The comparables have improvement assessments that range from \$49,400 to \$58,864 or from \$22.62 to \$26.65 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$51,687 or \$23.83 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$81,000. The subject property has an improvement assessment of \$72,216 or \$33.29 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code and property classification code as the subject. The comparables are located within the same block as the subject property or approximately ¼ of a mile from the subject, three of which are also on the same street. The comparables are improved with three-story dwellings of masonry exterior construction containing 2,169 or 2,349 square feet of living area. The dwellings are 7 or 11 years old. Three comparables each have a concrete slab foundation and one comparable has a partial basement with finished area. Each comparable has central air conditioning, 3½ or 4½ bathrooms and a two-car garage. One comparable has a fireplace. The comparables have improvement assessments ranging from \$72,224 to \$81,448 or from \$33.30 to \$34.67 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #2 and #3 which differ from the subject in age and/or story height. The Board has given reduced weight to board of review comparable #4, which has a basement foundation, when compared to the subject's concrete slab foundation.

The Board finds the best evidence of assessment equity to be the appellant's comparables #4 and #5, along with board of review comparables #1, #2 and #3, which are similar to the subject in location and similar, if not identical, to the subject in dwelling size, design, foundation type, age

and some features. These five comparables have improvement assessments ranging from \$56,696 to \$72,248 or from \$25.67 to \$33.31 square foot of living area. The subject's improvement assessment of \$72,216 or \$33.29 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
