

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William Senne
DOCKET NO.: 21-30637.001-R-1
PARCEL NO.: 14-31-117-045-0000

The parties of record before the Property Tax Appeal Board are William Senne, the appellant, by attorney Noah J. Schmidt of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$40,509
IMPR.: \$208,491
TOTAL: \$249,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story mixed-use building with 16,486 square feet of gross building area. The building is approximately 6 years old. Features of the building include a concrete slab foundation, central air conditioning, ten full bathrooms, five half bathrooms, three fireplaces and a 3.5-car garage.¹ The property has a 5,787 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-12 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables that have the same assessment neighborhood code and property classification code

¹ The board of review disclosed the subject building has five additional half bathrooms, which was not refuted by the appellant.

as the subject. According to the property characteristic printouts provided by the appellant, the comparables are improved with two-story or three-story mixed-use buildings of masonry exterior construction ranging in size from 3,230 to 7,680 square feet of gross building area. The buildings are from 89 to 103 years old. The comparables each have a partial unfinished basement, one to three full bathrooms and an additional half bathroom. Comparable #3 has a 2.5-car garage. The comparables have improvement assessments that range from \$36,112 to \$94,464 or from \$7.94 to \$12.30 per square foot of gross building area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$178,048 or \$10.80 per square foot of gross building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$249,000. The subject property has an improvement assessment of \$208,491 or \$12.65 per square foot of gross building area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same property classification code as the subject. Two comparables have the same assessment neighborhood code as the subject and are located within the subject's subarea. The comparables are improved with two-story or three-story mixed-use buildings of masonry exterior construction ranging in size from 7,441 to 14,056 square feet of gross building area. The buildings are from 10 to 128 years old. One comparable has a concrete slab foundation, one comparable has a crawl space foundation and two comparables each have either a full or partial unfinished basement. Each comparable has central air conditioning, three to five full bathrooms and one to three additional half bathrooms. Comparable #3 has two fireplaces and a 4-car garage. The comparables have improvement assessments that range from \$149,600 to \$230,204 or from \$16.38 to \$21.51 per square foot of gross building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables, as well as board of review comparables #3 and #4 which are less similar to the subject building in size and/or have a different assessment neighborhood code as the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #2, which have the same assessment neighborhood code and property classification code as the subject and are overall more similar to the subject in building size. However, the Board finds each building is inferior to the subject in bathroom count, fireplace count and garage amenity.

Additionally, board of review comparable #2 is 78 years older than the subject building. The Board finds these differences suggest upward adjustments would be necessary in order to make the comparables more equivalent to the subject. Nevertheless, these two comparables have improvement assessments of \$188,344 and \$230,204 or \$16.38 and \$16.48 per square foot of gross building area. The subject's improvement assessment of \$208,491 or \$12.65 per square foot of gross building area is bracketed by the two best comparables in the record in terms of total improvement assessment but less than the comparables on a per square foot basis. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.

Clerk of the Property Tax Appeal Board

IMPORTANT NOTICE

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year or years of the same general assessment period, as provided in Sections 9-125 through 9-225, are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for such subsequent year or years directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR OR YEARS. A separate petition and evidence must be filed for each of the remaining years of the general assessment period.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
