

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rosa Carioscia
DOCKET NO.: 21-30665.001-R-1
PARCEL NO.: 17-17-326-001-0000

The parties of record before the Property Tax Appeal Board are Rosa Carioscia, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,475
IMPR.: \$46,657
TOTAL: \$58,132

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story mixed-use building of stucco exterior construction with 4,675 square feet of gross building area. The building is 128 years old. Features of the building include a partial basement and central air conditioning. The property has a 2,550 square foot site and is located in Cook, West Chicago Township, Cook County. The subject is classified as a class 2-12 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal.¹ In support of this argument the appellant submitted information on five equity comparables located within the subject's assessment neighborhood. The comparables consist of

¹ The appellant also marked "Contention of Law" as a basis of appeal, but did not submit a brief outlining any legal argument or citing any statute or caselaw in support of her contention of law.

2-story or 3-story class 2-12 buildings of masonry exterior construction ranging in size from 2,550 to 6,440 square feet of living area. The buildings range in age from 110 to 136 years old. Each building has a partial basement. The comparables have improvement assessments ranging from \$12,850 to \$37,947 or from \$3.34 to \$5.89 per square foot of gross building area. Based on this evidence, the appellant requested a reduced improvement assessment of \$23,562 or \$5.04 per square foot of gross building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$58,132. The subject property has an improvement assessment of \$46,657 or \$9.98 per square foot of gross building area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the subject's assessment neighborhood, two of which are located within .25 of a mile of the subject.² The comparables consist of 2-story or 3-story class 2-12 buildings of masonry or frame and masonry exterior construction ranging in size from 3,082 to 4,410 square feet of living area. The buildings are 60 to 141 years old. Two buildings have central air conditioning and two comparables each have either a 1.5-car or 2-car garage. Four comparables each have a basement and one comparable has a crawl-space foundation. The comparables have improvement assessments ranging from \$40,400 to \$63,200 or from \$12.81 to \$19.30 per square foot of gross building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of ten equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables #2, #3, and #5, as well as board of review comparables #3, #4, and #5, which differ from the subject in age, foundation, building size, and/or feature a garage unlike the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #4 along with board of review comparables #1 and #2, which are similar to the subject in age, building size, and some features. These comparables have improvement assessments ranging from \$15,425 to \$63,200 or from \$3.34 to \$15.13 per square foot of gross building area. Excluding the high and low improvement assessments from the analysis results in a tighter range from \$21,738 to \$53,187 or from \$5.43 to \$12.81 per square foot of gross building area. The

² The board of review submitted two comparable grids. For ease of reference, comparable #4 on the second set of comparables, identified by PIN 17-17-426-035-0000, has been renumbered comparable #5.

subject's improvement assessment of \$46,657 or \$9.98 per square foot of gross building area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
