

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Christina Ledger
DOCKET NO.: 21-30667.001-R-1
PARCEL NO.: 14-31-315-034-0000

The parties of record before the Property Tax Appeal Board are Christina Ledger, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$25,200
IMPR.: \$134,156
TOTAL: \$159,356

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,912 square feet of living area. The dwelling is approximately four years old. Features of the home include a full basement with finished area, central air conditioning, a fireplace, and a 3-car garage. The property has a 3,600 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within the subject's assessment neighborhood. The comparables consist of 2-story or 3-story class 2-78 dwellings of masonry exterior construction ranging in size from 2,824 to 3,074 square feet of living area. The homes are 10 to 28 years old. Each dwelling has

central air conditioning and either a 2-car, 3-car, 3.5-car, or 6 or more-car garage. Four comparables each have either one or three fireplaces. Three comparables each have a basement, two of which have finished area. The comparables have improvement assessments ranging from \$74,194 to \$88,200 or from \$25.57 to \$29.03 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$82,846 or \$28.45 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$159,356. The subject property has an improvement assessment of \$134,156 or \$46.07 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables consist of 2-story class 2-10 or 2-78 dwellings of masonry exterior construction ranging in size from 1,472 to 2,948 square feet of living area. The homes range in age from 3 to 126 years old. Each dwelling has either a 1-car or 2-car garage and a full basement, three of which have finished area. Three comparables have central air conditioning and either two or four fireplaces. The comparables have improvement assessments ranging from \$54,028 to \$160,822 or from \$36.70 to \$55.59 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables #2 through #5, which differ from the subject in age, design, and/or foundation. The Board also gives little weight to board of review comparable #1, which differs from the subject in age, dwelling size, and classification, and lacks central air conditioning, a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #1 along with board of review comparables #2 through #4, which are similar to the subject in age, dwelling size, and features. These comparables have improvement assessments that range from \$74,194 to \$160,822 or from \$25.57 to \$55.59 per square foot of living area. Excluding the high and low improvement assessments from the analysis results in a tighter range of \$131,149 and \$135,190 or \$45.86 and \$48.04 per square foot of living area. The subject's improvement assessment of \$134,156 or \$46.07 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to

the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.

DISSENTING: _____

CERTIFICATION

As Clerk of the Illinois Property Tax Appeal Board and the keeper of the Records thereof, I do hereby certify that the foregoing is a true, full and complete Final Administrative Decision of the Illinois Property Tax Appeal Board issued this date in the above entitled appeal, now of record in this said office.

Date: _____

June 17, 2025

Clerk of the Property Tax Appeal Board

IMPORTANT NOTICE

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year or years of the same general assessment period, as provided in Sections 9-125 through 9-225, are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for such subsequent year or years directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR OR YEARS. A separate petition and evidence must be filed for each of the remaining years of the general assessment period.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
