

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tri Taylor Properties, LLC
DOCKET NO.: 21-30670.001-R-1
PARCEL NO.: 17-18-328-006-0000

The parties of record before the Property Tax Appeal Board are Tri Taylor Properties, LLC, the appellant, by attorney Ciarra Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$16,875
IMPR.: \$67,468
TOTAL: \$84,343

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of two improvements. Improvement #1 is a 3-story building of masonry exterior construction with 5,601 square feet of gross building area. Improvement #1 is approximately 108 years old and features a partial basement. Improvement #2 consists of a 667 square foot coach house. The property has a 3,750 square foot site and is located in Chicago, West Chicago Township, Cook County. Improvement #1 is classified as a class 2-11 property and Improvement #2 is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within the subject's assessment neighborhood. The comparables consist of 3-story class 2-11 buildings of masonry exterior construction ranging in size from 1,724 to 6,080 square feet of gross building

area. The buildings range in age from 16 to 143 years old. Four buildings each have a basement with finished area and one comparable has a concrete slab foundation. One comparable has a 1.5-car garage. The comparables have improvement assessments ranging from \$13,325 to \$51,835 or from \$6.70 to \$7.73 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$67,468 or \$10.76 per square foot of living area when using the subject's combined square footage of 6,268.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$91,000. The subject property has an improvement assessment of \$74,125 or \$11.83 per square foot of gross building area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and within .25 of a mile of the subject. The comparables consist of 3-story class 2-11 buildings of masonry exterior construction ranging in size from 3,660 to 5,488 square feet of gross building area. The buildings range in age from 4 to 30 years old. Each building has central air conditioning. Two comparables each have a basement, one of which is finished with an apartment, and two comparables each have concrete slab foundations. One comparable has a fireplace and two comparables each have either a 2-car or 4-car garage. The comparables have improvement assessments ranging from \$56,959 to \$80,137 or from \$13.39 to \$15.56 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables #2, #4, and #5, as well as the comparables submitted by the board of review, which differ from the subject in age, building size, foundation, and/or garage feature.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #3, which are similar to the subject in age, building size, and some features. These comparables have improvement assessments of \$40,750 and \$51,835 or \$6.70 and \$7.42 per square foot of gross building area. The subject's improvement assessment of \$74,125 or \$11.83 per square foot of gross building area is above the two best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
