

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Franklin Holdings, LLC-Thirtieth Series
DOCKET NO.: 21-30684.001-R-1
PARCEL NO.: 16-13-310-037-0000

The parties of record before the Property Tax Appeal Board are Franklin Holdings, LLC-Thirtieth Series, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,581
IMPR.: \$4,472
TOTAL: \$8,053

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story apartment building of masonry exterior construction with 3,578 square feet of gross building area. The building is approximately 118 years old and features a full basement finished with an apartment. The property has a 3,048 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within the subject's assessment neighborhood. The comparables consist of 2-story or 3-story class 2-11 buildings of masonry exterior construction ranging in size from 3,342 to 3,886 square feet of gross building area. The buildings range in age from 103 to 121 years old. Each building has a full basement, two of which have finished area, and either a 2.5-

car or 3.5-car garage. One comparable has three fireplaces. The comparables have improvement assessments ranging from \$4,316 to \$4,713 or from \$1.20 to \$1.33 per square foot of gross building area. Based on this evidence, the appellant requested a reduced improvement assessment of \$4,472 or \$1.25 per square foot of gross building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$22,544. The subject property has an improvement assessment of \$18,963 or \$5.30 per square foot of gross building area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables, three of which are located within the subject's assessment neighborhood and within .25 of a mile of the subject. The comparables consist of 2-story or 3-story class 2-11 buildings of masonry exterior construction ranging in size from 3,471 to 4,080 square feet of gross building area. The buildings are 14 to 96 years old. Each building has central air conditioning. Three comparables each have a concrete slab foundation and one comparable has a full basement finished with an apartment. The comparables have improvement assessments ranging from \$26,047 to \$50,250 or from \$7.07 to \$14.48 per square foot of gross building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables #2, #3, and #5, which differ from the subject in design. The Board also gives less weight to board of review comparables #1, #2, and #3, which differ from the subject in design, age, and foundation, and to board of review comparable #4, which appears to be an outlier based on its much higher improvement assessment in relation to the other comparables in the record.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #4, which are similar to the subject in age, design, building size, and some features. These comparables have improvement assessments of \$4,316 and \$4,663 or \$1.20 and \$1.29 per square foot of gross building area. The subject's improvement assessment of \$18,963 or \$5.30 per square foot of gross building area is above the two best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
