

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Richard Karwowski  
DOCKET NO.: 21-30693.001-R-1  
PARCEL NO.: 16-02-226-025-0000

The parties of record before the Property Tax Appeal Board are Richard Karwowski, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,720  
**IMPR.:** \$38,510  
**TOTAL:** \$42,230

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story building of frame exterior construction with 2,712 square feet of building area. The building is approximately 117 years old. Features include a slab foundation and a 1-car garage. The property has a 3,100 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story or 3-story, class 2-11 buildings of frame or masonry exterior construction ranging in size from 2,529 to 2,976 square feet of building area. The buildings range in age from 96 to 128 years old. Four buildings each have a basement, three of

which are finished with an apartment. Three comparables each have a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$9,428 to \$14,428 or from \$3.21 to \$5.67 per square foot of building area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$10,115.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$42,230. The subject property has an improvement assessment of \$38,510 or \$14.20 per square foot of building area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject and 0.25 of a mile from the subject. The comparables are improved with 1.5-story or 2-story, class 2-11 buildings of frame, masonry, or frame and masonry exterior construction ranging in size from 2,612 to 2,876 square feet of building area. The buildings range in age from 108 to 123 years old. Three comparables each have a basement, two of which are finished with an apartment, and one comparable has a slab foundation. One comparable has central air conditioning. Each comparable has a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$38,280 to \$47,560 or from \$14.29 to \$16.54 per square foot of building area. Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2, #4, and #5 and the board of review's comparable #2 due to substantial differences from the subject in design, garage amenity, and/or central air conditioning amenity. The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #3 and the board of review's comparables #1, #3, and #4, which are more similar to the subject in design, building size, age, location, and some features, although four comparable have a basement unlike the subject, suggesting downward adjustments to these comparables would be needed to make them more equivalent to the subject. These comparables have improvement assessments that range from \$9,428 to \$47,560 or from \$3.21 to \$16.54 per square foot of building area. The subject's improvement assessment of \$38,510 or \$14.20 per square foot of building area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
