

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeffrey Lewandowski  
DOCKET NO.: 21-30854.001-R-1  
PARCEL NO.: 14-31-121-024-0000

The parties of record before the Property Tax Appeal Board are Jeffrey Lewandowski, the appellant, by attorney Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$16,800  
**IMPR.:** \$41,200  
**TOTAL:** \$58,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a multi-story building<sup>1</sup> of masonry exterior construction with 1,430 square feet of building area. The building is approximately 130 years old and features a basement finished with an apartment. The property has a 2,400 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The

---

<sup>1</sup> The parties differ regarding the subject's design with the board of review reporting 1.5 stories and the appellant reporting 4 or more stories. Photographs of the subject building depict 2 to 2.5 stories of building area, although the parties did not disclose whether the subject has finished area on the top floor.

comparables are improved with 2-story or 4-or-more-story buildings of masonry or frame exterior construction ranging in size from 1,470 to 1,927 square feet of building area. The buildings range in age from 123 to 133 years old. Three comparables have a basement and one comparable has a slab foundation. The comparables have improvement assessments ranging from \$24,955 to \$41,200 or from \$12.95 to \$21.80 per square foot of building area.

Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$30,259.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$58,000. The subject property has an improvement assessment of \$41,200 or \$28.81 per square foot of building area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject and 0.25 of a mile from the subject. The comparables are improved with 1.5-story, class 2-11 buildings of masonry exterior construction ranging in size from 1,320 to 1,632 square feet of building area. The buildings are 131 or 143 years old. Each comparable has a basement finished with an apartment or a recreation room. One comparable has central air conditioning and each comparable has a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$41,078 to \$50,500 or from \$30.94 to \$33.31 per square foot of building area.

Based on this evidence the board of review requested the subject's assessment be sustained.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #3, and #4, due to substantial differences from the subject in building size.

The Board finds the best evidence of assessment equity to be the appellant's comparable #2 and the board of review's comparables, which are more similar to the subject in building size, age, location, and some features, although these comparables have varying degrees of similarity to the subject in design, basement finish, central air conditioning amenity, and garage amenity, suggesting adjustments to these comparables would be needed to make them more equivalent to the subject. These comparables have improvement assessments that range from \$30,395 to \$50,500 or from \$20.68 to \$33.31 per square foot of building area. The subject's improvement assessment of \$41,200 or \$28.81 per square foot of building area falls within the range

established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
