ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joe Morrone
DOCKET NO.: 21-30916.001-R-1 through 21-30916.002-R-1
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are Joe Morrone, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story, multi-family dwelling of masonry construction with 5,773 square feet of living area covering two PINs. The building is 59 years old. Features of the home include a full basement apartment. The property has a 3,125 square foot site and is located in River Grove, Leyden Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables. All of the comparables were improved with a either two-story or three-story, multi-family dwelling of masonry construction with either a full basement apartment or a slab foundation. The improvements ranged: in age between 48 and 61 years old; in size between 4,905 and 6,240 square feet of living area; and in improvement assessment from \$4.76 to \$6.04 per square foot of

living area. Based on this evidence, the appellant is requesting an assessment amount of \$35,919.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for one PIN of the subject of \$22,636. The subject property has a prorated improvement assessment of \$20,293 or \$3.52 per square foot of living area; or a total of \$7.04 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables. All were improved with a two-story, multi-family dwelling of masonry construction with full basement apartments. The improvements ranged: in age from 53 to 63 years old; in size between 5,107 and 5,712 square feet of living area; and in improvement assessment from \$7.32 to \$7.47 per square foot of living area.

Conclusion of Law

The taxpayer asserts assessment inequity as the basis of the appeal. The Illinois Constitution requires that real estate taxes, "be levied uniformly by valuation ascertained as the General Assembly shall provide by law." Ill. Const. art. IX, §4 (1970); Walsh v. Property Tax Appeal Board, 181 Ill. 2d 228, 234 (1998). This uniformity provision of the Illinois Constitution does not require absolute equality in taxation, however, and it is sufficient if the taxing authority achieves a reasonable degree of uniformity. Peacock v. Property Tax Appeal Board, 339 Ill. App. 3d 1060, 1070 (4th Dist. 2003).

When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e); Walsh, 181 Ill. 2d at 234 (1998). Clear and convincing evidence means more than a preponderance of the evidence, but it does not need to approach the degree of proof needed for a conviction of a crime. Bazyldo v. Volant, 164 Ill. 2d 207, 213 (1995). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be all of the board of review's comparables. These comparables had improvement assessments that ranged from \$7.32 to \$7.47 per square foot of living area. The subject's improvement assessment of \$7.04 per square foot of living area falls below the range established by the best comparables in this record. These comparables were given more weight due their construction, design and/or size. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
